

## NARCOTIC RING CHIEFS TRACED BY CUPIDITY

SAN FRANCISCO, July 11.—Determined to uncover the supply center of the "drug ring" here and completely stamp it out, the authorities have been working for some time past to trace the ring. It is estimated that the ring has been operating since the war-time prohibition act became effective July 1, the internal revenue department is making ready to spread a net which will enclose the ring-leaders. James F. Clancy and John D. Bassett, alleged higher-ups in the ring, and "Butch" Lenci, a peddler, and woman confederates have been arrested and indicted by the federal grand jury.

Information gathered by revenue agents working under the direction of E. C. Telford, special agent in charge, has convinced the authorities that the main distributing agency on the Pacific coast is here. Stupidity is said to have revealed the identity of those involved when "cubs" (morphine in cube form weighing 4 to the dram) and "crystal" (crystallized cocaine) was advanced nearly 100 per cent to peddlers or retailers early last week. A German, Baron, residing in this country, posing as a Mexican at Encinitas, Mexico, is said to be the agent of the ring in charge of the Mexican smugglers who bring the narcotics across the line.

## House Carried Quarter Mile Before Tornado

BRADFORD, Pa., July 11.—Two persons were killed, many others injured and 25 houses were demolished by a tornado which swept a narrow path through Bradford late yesterday. About 50 houses were damaged. One small building was carried a quarter of a mile by the twister.

PARIS, July 11.—Ten thousand waiters went on strike here today for an eight-hour day and an increase in wages.

## 12,000 U. S. Troops Go to Silesia to Watch Plebiscite

LONDON, July 11.—Twelve thousand American troops are en route from France to Silesia for duty during the plebiscite which is to be taken there under the terms of the peace treaty, according to the Berlin Vossische Zeitung, quoted in an Exchange Telegraph despatch from Copenhagen today.

## AMERICANS BID FOR CAPITAL OF WORLD LABOR

NEW YORK, July 11.—Efforts will be made by the American delegates to the Amsterdam labor congress to have the United States selected as the seat of a new international federation of trades unions. Samuel Gompers, president of the American Federation of Labor, announced tonight on the eve of his departure to attend the congress.

"The congress will be held," he said, "for the purpose of forming a new international trade union movement or international federation of labor."

"The old international trade union movement had its headquarters at Berlin and it is my judgment that our meeting at Amsterdam will determine to take the seat of the administration to some other country."

He added that "more than likely" German delegates would attend the conference.

Declaring that before he left the United States he would "like to say something regarding the Mexican situation," Mr. Gompers continued:

"To my mind it would be the gravest wrong which could be inflicted upon the people of the United States as well as upon the people of Mexico if the jingo spirit which now seems to be in the course of manufacture should drive us into anything like a conflict with the people of Mexico."

## L.A. WILL TAX LEASES ALONG WATER FRONT

Invoking the recent decision of the state supreme court in the case of the city of Los Angeles against the San Pedro, Los Angeles and Salt Lake Railway, City Assessor Harry C. Williams has started work to derive for the city a new source of revenue. Leasehold of various corporations on state property are to be considered taxable property, under the new decision, according to Williams.

The decision, which upset custom of forty years, during which time no state property has been considered taxable, decided that leaseholds, being transferable, were private property in the tax sense, and permitted leases on state lands to be taxed despite the revisionary right vested in the state.

The Farr Terminal Company, the Albers Mills, the Union Construction Company, American Dredging Company, F. G. Drum, Hamilton Shipyard, Howard Company, Magnesian Company, J. S. Kinnell, Larue, Wharf and Warehouse Company, and other leaseholders on the estuary and western water front are affected. The decision will not affect the railroads or the telephone company, these being under state assessments.

A lively contest against assessments of their leases is planned by the owners involved. C. A. Edwards, attorney for lease holders, was in conference with the city assessor's office today, maintaining that as improvements were being made on lands under the leases in question it was not fair to impose taxes on them.

The taxes on state leases this year will be nominal, Williams says, but next year experts will evaluate all such leases and they will be assessed as any other private property.

Prior to the court decision no leases of state lands were taxed, the assumption being that State-owned lands could not be taxed in any form. Buildings on such lands were taxed and bills rendered the lessors, but ground value or lease value was not considered. The new decision will mean a large tax income next year, when the assessments are made and imposed, according to Williams.

## Treaty Covers All War Problems Experts Make Analysis of Pact

(Because of the many subjects treated in the treaty of peace brought back to the United States by President Wilson to submit to the Senate for its approval, there has been wide discussion of opinion regarding the interpretation of many of these clauses. The International News Service has secured an explanation of these clauses from the American experts which it will present in two articles, the first of which follows:)

By JOHN EDWIN NEVIN,  
International News Service Staff  
Correspondent.  
(Copyright, 1919, by International News Service.)

WASHINGTON, July 11.—Seven subjects dealt with in the economic clauses of the treaty with Germany. They include every problem that has grown out of the war. Outstanding, however, is the fact that the American economic experts refused to make the United States party to an arbitrary division of indemnities or of seized property. Instead the United States or the nation subscribing to the treaty which reserved to its law-making body—Congress—the right to dispose of all property acquired from Germany. As a result, the American Lusitania claims, and the claims growing out of the sinkings of American merchantmen, as well as the claims resulting from the submarine raids off the Atlantic coast by German submarines, can be adjusted by Congress itself.

SEVEN ECONOMIC SUBJECTS.  
The seven subjects dealt with in the economic sections of the treaty are as follows:

First—Commercial relations between the allied and associated powers on the one hand and Germany on the other, including matters relating to exportation and importation, and property rights of nations of the allied and associated governments in Germany.

Second—Treaty relations with Germany, how they are to be resumed, etc.

Third—The adjustment of debts among nations of the allied and associated powers on the one hand and German nationals on the other.

Fourth—The disposition of private property which has been sequestered in the allied and associated countries and in Germany.

Fifth—The legal effect and the adjustment of contracts concluded by the allied and associated powers on the one hand and German nationals on the other.

Sixth—A mixed arbitral tribunal to pass upon claims against Germany for property injured or seized in Germany and to function in connection with the adjustment of debts.

Seventh—Rights in relation to industrial property and literary and artistic property in the allied and associated countries and in Germany.

FAVORED-NATION TREATMENT.  
The economic provisions so far as they refer to commercial relations provide through stipulations favored-nation treatment by Germany to the allied and associated countries in matters relating to exportation and importation, customs, duties, restrictions on exports and imports. Free entry for a limited period is provided for goods originating in Alsace-Lorraine in German territory ceded to Poland and in Luxemburg. Favored-nation treatment is accorded fishing vessels of the allied and associated powers in German territorial waters. Germany must suppress false markings and wrappings and protect allied and associated trade against unfair competition. In addition, allied and associated subjects carrying on professions or businesses in Germany are given favored-nation treatment, given access to the German courts and the allied and associated countries are safeguarded in the right to send consular officers to Germany. National treatment also is secured for vessels of the allied and associated powers by Germany. All of these commercial relations provisions take the place of the abrogated commercial and naturalization treaties and are declared to be in harmony with the present policy and practice of the United States.

The treaty section abrogates all war treaties forced by Germany, including those with Russia and Rumania, as well as all understandings with the central powers. The United States, under these provisions, is restored to its pre-war status, in its relation with Germany, while it gets rid of a number of ancient treaties concluded with various German states which were embarrassing in their application prior to the United States actually entering the war.

CLEARING HOUSE FOR DEBTS.  
The debt section creates a system of clearing houses for the settlement of debts and other obligations due from nationals of the allied and associated powers and German nationals and vice versa. The United States probably will not enter this scheme, the American delegation insisting upon the insertion of a clause which exempts governments from its operations.

The section dealing with property rights and interests is of peculiar interest to the United States. It was this section that created the difference of opinion between the economic experts of the various allied nations. All were unanimous in endeavoring to have all sequestered property pooled. The United States

delegates protested and carried their objections through many weary weeks of negotiations. Finally they carried their point and instead of an international tribunal disposing of property taken over by the United States, the Congress, as the law-making body itself will decide what is to be done with the German property and moneys held in the United States.

MUST RESTORE PROPERTY.  
Claims can be compiled and the right is left with Congress to determine whether German property held in the United States shall be applied to the settlement of these claims. Germany is obligated to restore the property of nationals of the allied and associated powers, to pay over the proceeds of property that has been sold, and to make compensation for damages committed to sequestered property.

The allied and associated governments reserve the right to retain and to liquidate the property of German nationals and to hold the proceeds thereof as pledges for the satisfaction of losses growing out of action by German authorities with reference to property of nationals of allied and associated countries.

Provisions protect the pre-war claims of the United States—Article 288, annex, part four. Claims for property damaged or seized in Germany will be passed upon by an allied arbitral tribunal but the disposition of property seized by the United States is determined by Congress. The United States by special stipulation is exempted from the clearing house for claims created by the other contracting parties, liquidated property to be used under sub-paragraph Article 287, in accordance with its laws and regulations.

## Pres. Wilson Accepts Hurley's Resignation

WASHINGTON, July 11.—President Wilson has accepted the resignation of Edward N. Hurley, chairman of the Shipping Board, effective August 1. It is understood that Hurley will be succeeded by John Barton Payne of Chicago, general counsel of the Railroad Administration, whose nomination as a member of the Shipping Board was sent to the Senate today.

Both Mr. Hurley's letter of resignation and the President's letter accepting it were dated July 10.

In his letter Hurley said: "I feel that my own work has been done. In handing you my resignation please let me express my heartfelt appreciation of your consistent aid, counsel and sympathetic cooperation. Your leadership has been an inspiration."

## Turks Plot Revolt Against Greeks

(Exclusive cable to the International News Service from London Daily Express.)

CONSTANTINOPLE, July 10, via London, July 11.—A plot to bring about a revolution in Anatolia by Mustafa Kemal, former Turkish commander in the Caucasus, and admiral Raoul has been discovered. The object was to resist Greek occupation. While the government is said to be powerless to resist the rebels, serious fighting is not expected on account of the lack of armaments.

Anatolia is the westernmost part of Turkey, bordering the Mediterranean. Allied troops were recently landed there.

## Wilson Applauded On Visit to Theater

WASHINGTON, July 11.—President and Mrs. Wilson, accompanied by several members of the White House family, attended the performance of a local vaudeville theater. When the president entered the theater he was greeted by enthusiastic applause and the orchestra struck up "The Star Spangled Banner."

## TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion

Do you suffer from indigestion? Do you have a sour, gassy stomach? Do you have a feeling of fullness after meals? Do you have a feeling of burning in the stomach? Do you have a feeling of acidity? Do you have a feeling of discomfort? Do you have a feeling of uneasiness? Do you have a feeling of restlessness? Do you have a feeling of irritability? Do you have a feeling of nervousness? Do you have a feeling of anxiety? Do you have a feeling of depression? Do you have a feeling of despair? Do you have a feeling of hopelessness? Do you have a feeling of helplessness? Do you have a feeling of powerlessness? Do you have a feeling of weakness? Do you have a feeling of fatigue? Do you have a feeling of exhaustion? Do you have a feeling of prostration? Do you have a feeling of collapse? Do you have a feeling of death?

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of this wonderful medicine—magnesia. It is a natural, pure, white, crystalline substance which you can obtain from practically any drug store in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bicarbonate of soda immediately after a meal you can eat almost anything and it will not cause you any pain or discomfort to follow and moreover, the continued use of the bicarbonate of soda cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

# ARMY FOOD SURPLUS BIG LOSS, CLAIM

**BY UNITED PRESS.**  
**WASHINGTON, July 11.**—General March, chief of staff of the army, told a House sub-committee on war expenditures today that the war department's declaration of surplus food stocks could have been made in February instead of May and that on July 8, he declared surplus of foodstuffs amounted to \$121,000,000.

Chairman Reavis, in questioning the general, contended that the declaring of the surplus had resulted in great loss to the government and had prevented the purchase of foods for which there was great demand.

In a statement filed by General March the surplus of food stocks was given as follows:

Corn beef, \$24,000,000; bacon, \$23,000,000; roast beef, \$20,500,000; fresh frozen beef and poultry, \$20,000,000; corn beef hash, \$10,000,000; canned vegetables, \$23,000,000.

Chairman Reavis wanted to know who was responsible for delay in declaring the surplus without which vast stocks could not be put on the market. It was fair criticism, General March replied, that the substance branch of the quartermasters corps had been over-careful, adding that in his opinion a surplus report could have been prepared safely in February. The attitude of Secretary Baker, he said, had been to keep the market from being flooded with a great quantity of products all at once.

# Barrows Urges War on Bolshevism H. S. Teachers Are Told of Remedy

**BERKELEY, July 11.**—An appeal to the teachers of the state to fight Bolshevism was urged this morning with a plea from the educators themselves for increased salaries to meet present living conditions as voiced at the closing day's session of the seventh annual convention of the California High School Teachers' Association held at the University of California.

Dr. David P. Barrows, recently returned from Russia where he spent a year in the service of the government, urged the educators to fight all evidences of Bolshevism in the open and to meet its attacks with return annihilation.

**REMEDY FOR BOLSHEVISM.**

"The only remedy for Bolshevism is good, open, stout-hearted resistance to it," he declared. "I am not in favor of taking Bolshevism down. This is what is urged upon us by many observers of the phenomenon. Bolshevism appeals to violence to accomplish its ends. Violence must be met by physical power, and we should apply physical power at every opportunity to steth Bolshevism."

Dr. Barrows was the principal speaker at this morning's session, having as his subject, "Bolshevism—Its Meaning and Remedy."

A discussion of special high school problems coming before the teachers an appeal for a "scientific" salary schedule was voiced in a paper written by Miss Laura Kingsbury, instructor in history and civics at the Coalanga High School.

Miss Kingsbury declared that teachers could no longer class themselves apart from other workers. She urged that men and women teachers be paid a uniform salary scale.

**PENALTY FOR PRIDE.**

"For years," said Miss Kingsbury, "the teaching profession has held aloof from the laboring class and the battle of economic theories has prided itself upon that aloofness and has paid the penalty for its pride in aloofness. But the profession is now beginning to see that it is a part of the laboring class and that the battle of economic theories is its own battle. This is the reason that the teachers' unions have come into existence, and it is also the reason that a study of the question of high school salary schedule is particularly appropriate at the present time."

"It has been said that the uniform adoption of salary schedules would drive all men out of the teaching profession. The student of living is the same for both men and women; therefore raise salaries all round to a high enough level to retain men in the profession. The community can afford it because the community can afford anything that is just."

**PRESENTS SCHEDULE.**

Miss Kingsbury declared that a salary schedule could not be based entirely on "merit" alone. Here is her suggestion for the basis of a tentative salary schedule which shall be in harmony with the wealth of that district and with salaries now paid throughout the state as prepared by her at the request of the board of education in her home county.

1—Multiply the per capita assessed valuation of the district by 2.26, the average ratio of a salary unit, to give desired salary unit of minimum salary for the district.

2—Provide for reasonable annual increase.

Early removal of the present antiquated bridges that span the estuary at the foot of Webster street, and the construction of a modern bascule bridge is urged by the Merchants' Exchange as vitally essential to the manufacturing interests of this community. The Exchange has just adopted resolutions pointing out the importance of the work and is to file a copy with the Board of Supervisors in the hope that that body will take the necessary steps to get action.

It is suggested by officers of the Exchange that it might be a good plan to call a joint meeting of representative commercial and civic bodies to discuss ways and means to bring about this improvement at the earliest possible moment. It is held that there is no good reason for further delay, in view of the fact that the government offers no objection to the plan of construction.

The resolution adopted by the Exchange read:

"Whereas, it is of the utmost importance to the manufacturing interests of Oakland harbor that the present bridges be removed and one modern bridge be erected in their stead; and

"Whereas, according to present information the United States government is not in favor of further delay in the matter; and

"Whereas, the people of Alameda county voted a bond issue for said construction, and are now paying interest on a portion of said bonds, therefore be it

Resolved, By the Merchants' Exchange of Oakland that we urge the completion of the new bridge, and the removal of the two old bridges at the earliest possible moment, thereby giving safer and more rapid transit for vessels and vehicles."

# ELECTRICAL WORKERS AID PHONE GIRLS

Unless the telephone operators strike, which is in its twenty-sixth day, is broken by Wednesday night, the electrical workers' local in this district has announced that it will ratify the proposal to serve an ultimatum on the Great Western Power Company and Pacific Gas and Electric Company, serving power to the Pacific Telephone and Telegraph Company, that wires must be removed from poles of these corporations. The resolution was adopted on Wednesday night. To avoid criticism for hasty action and to permit those in authority to bring to a conclusion the controversy between the operators and the company relating to pay and the period of time before the maximum might be obtained, the final vote has been postponed until next week.

Officials for the union declared today that by some means the present deadlock must be broken.

**GIVEN AUTHORITY TO SERVE ULTIMATUM**

The San Francisco local already has the authority for serving the ultimatum as a last resort in strike situation. Other unions throughout the Pacific coast have been requested to break the deadlock in like manner should the necessity arise. The Great Western and Pacific Gas and Electric companies are known as "closed." Should they refuse, upon service of the ultimatum, to cut off the service to the telephone company, members of the electrical union would be ordered out.

**COMMISSION READY TO RAISE RATES**

The only encouraging development in the entire situation is the opinion handed down by the State Railroad Commission indicating that it will approve a raise in rates if this seems necessary by reason of an increase in wages. The commission holds "that the utilities are free to pay such compensation as may appear to them proper, and the commission will without question recognize such wage payments as operating expenses and will, without question, allow them in any rate case that may be brought before it."

This was said to answer the objection made by D. P. Fullerton, general superintendent of the telephone company, in a conference with Mayor Ralph of San Francisco, that the company could not raise wages because the commission might not grant the rate increases which would be necessary to meet the extra costs.

"As far as the commission is concerned there is no reason whatever why the company and its employees cannot, at this time, as at any other time, get together and discuss and settle any question of wages, service conditions, operating difficulties or any other question whatsoever of interest to the men and company," is the way the Railroad Commission states the case.

Statistics relating to the 900 young women in the bay cities who have left their switchboards in demand of \$2 a day as a minimum, \$4 a day after three years' service and retroactive pay from January 1, 1919, is being compiled by a local committee.

Mayor Louis Bartlett of Berkeley, who has been in conference on two occasions with the general strike committee, met with them again this afternoon in San Francisco.

Miss Lillian Blower, business agent for the telephone operators' local; J. Stitt Wilson, labor leader and former mayor of Berkeley, and Assemblyman E. S. Hurley are making a flying speaking tour of Stockton, Tracy and Lodi. They will return to Oakland on Saturday.

Santa Barbara unions have forwarded a request to the International Brotherhood of Electrical Workers to take steps immediately which shall spread the strike on the Pacific Coast to all parts of the nation. Decision on the important issue probably will be reached today, according to labor leaders.

**Stockton Operators Appeal to Wilson**

STOCKTON, July 11.—Hedges to all other striking telephone girls that they would fight on until victory is won and the adoption of a resolution making a personal appeal to President Wilson to use his influence to bring about arbitration of all questions at issue between the workers and the Bell Telephone Company were actions taken at a meeting of organized labor in this city last night. J. Stitt Wilson of Berkeley, Edgar S. Hurley of Oakland, and Rev. L. S. Jones of Stockton were the speakers.

A mass meeting and parade was held at Lodi protesting the company's action in bringing in strike-breakers. An attempt to reopen the Tracy exchange failed.

**Produce Men Give Foodstuffs to Girls**

Wholesale produce men yesterday came to the assistance of the striking telephone operators in Oakland by contributing foodstuffs to the fifteen maintained in the Pacific building, for the benefit of the girls.

J. M. Schwab volunteered to accompany Mrs. L. C. Granger and Mrs. J. W. Evans through the wholesale district. The following contributed: Angell Bros., Liberty Fruit Co., S. Herman, C. W. Gallagher, A. Levy, J. Zlotner, E. Martinielli, M. Cohn & Son, Western Produce Co., G. Bonora, A. Leon, Ulrich Hunt.

**Pierce-Arrow**

There is a special argument for the Pierce-Arrow Truck in long distance work. Its speed will enable it to cover greater distances in shorter time than any other truck and the flexible frame construction especially suits it withstand the shocks of hard road work.

## STARS DAZZLE AT YE LIBERTY

Julian Ellinge—Leo Beers—Cleo Gascoigne—Sidney Grant.

Four stars of the first magnitude on the vaudeville stage, struggle for predominance over a multitude of sublimaries at the Julian Ellinge Revue of Nineteen Nineteen, which opened last night at Ye Liberty Playhouse for a run which will carry it through a Sunday evening performance.

The Ellinge Revue is the kind of a production that hurts a critic's conscience.

It comprises the best that the stage has offered during the past season. Consequently when this much-advertised "best" happens to be the best of Mr. Ellinge's judgment, the show is certain to be much better than anything that the season has offered to date.

**STUMPED FOR LANGUAGE.**

So the critic sits through it astonished to think that he has already used his most lavish expressions of praise for other productions earlier in the season, that right here, so far out on the tail-end of the season that it is almost at the opening of the next, is the best show of the year.

And that can be said of it that has not already said of poorer productions which at the time seemed that they could not be eclipsed by any subsequent offerings.

The only refuge comes in just this: that a play at a headline position in a high-class revue such as the one which Ellinge is offering, means that he is such a great success in the vaudeville field that his name alone is on the lips of every vaudeville fan in America.

So that is what I have done. At the head of this review are the names of the four headlines in the Ellinge Revue.

Julian Ellinge, female impersonator of movie fame is the predominating feature of the evening offering. His previous first, four characterizations of female types.

"His Night at the Club" is the title of a one-act skit with a motion picture introduction, featuring Ellinge's power of portraying female types.

**ATTRACTIVE SKETCH.**

"His Night at the Club" is admirably adapted to showing Ellinge's specialty at its best. Somewhat of its effectiveness, however, is weakened by a poor supporting cast.

Leo Beers is in the revue. Leo Beers with his ever-pleasant tales, accompanied by the careful patter of his fingers across a piano keyboard has already been to Oakland for two weeks this season. He came to the Orpheum early in January and was forced to play a return engagement by popular demand later in that month.

Cleo Gascoigne is billed as the diminutive prima donna and she proves to be both. She is a small-little woman with a soprano voice that fills the house with its plaintive notes.

And Sidney Grant. Sidney Grant has just come out of his important part in the world-famous four-year success of all musical comedy success, "So Long, Letty." He tells stories, "some new, some old, perhaps, but if they are old they are my own," he explains. After a pleasant ten minutes of song and monologue he presents a brief impersonation of a Chinese stage production which causes the audience to raise an unending demand for more.

**RADIUM GIRLS.**

The Radium Girls, three little girls, scarcely beyond high school days, if that old, lead off the program with a number of rapid-fire song and dance, filled with the grace born of childhood exuberance. Kathleen Dewey presents a song number which attracts.

The Goodsmith Brothers have a clown act in which they support two exceptionally clever trained poodles. The Littlejohns, who scored heavily at the Orpheum in January, present a juggling act. The Littlejohns technique is just a little better than the vaudeville juggling act and is made much more attractive by the extravagant jeweled setting which it carries.

Virgil Bennett's Dance Revue follows, headed by an effective awakening dance, the "Marianne," it presents four numbers and a finale. The dance numbers are Springtime, Dances of the Future, "Bubbles," Favorite, "High School Gallop" and the finale, "Jealousie."

Julian Ellinge sings his latest song success, "Don't Trust Those Big Gray Eyes," to close the revue.—E. C.

## Agnew Staff Exonerated by Board Dr. Stocking's Policy Given Praise

AGNEW, July 11.—Highly commending Dr. Leonard Stocking, medical superintendent, for his humane executive management and enlightened and progressive policy, and stating that it was "impressed with the sympathy, faithfulness and loyalty evinced by the staff of the Agnew State hospital for the insane," the board of managers of Agnew State hospital today issued its report.

The findings were the result of a seven-day hearing following charges made by Dr. Frederick Webster, a former patient of the institution, that cruel, mismanagement and mistreatment of patients was the practice at the institution. Dr. Webster is a former patient of the institution.

The findings were signed by all members of the board after a section concerning Dr. Stocking, one of the board, for his attitude during and prior to the investigation, had been eliminated. Dr. Webster signed the report.

The report is similar in tone to those made by Dr. H. Pendleton, special representative of the governor at the hearing, and by E. S. Birdsall, representative of the State Lunacy commission, who attended all of the hearings. In his report, however, Mr. Birdsall suggested that in his opinion Mr. Wilson could not be in harmony with the rest of the board.

**THE FINDINGS INCLUDE.**

"That most of the charges made were obviously the creations of discredited minds."

"Cases described by an ex-patient suffering from paranoid insanity to murders were found in every instance to have been deaths due to natural causes."

"That the board is impressed with the sympathy, faithfulness and loyalty evinced by a great majority of the attendants, most of whom are overworked and underpaid."

"That the board proposes to take steps immediately to correct these conditions."

"Overwhelming numbers of witnesses from all walks of life came voluntarily to testify to the good character and management of the hospital."

"We found the executive management of the hospital to be humane, enlightened and progressive and warmly commend their administration and the policies of Dr. Leonard Stocking."

## CONSERVATION OF WATER IN DIVORCE SUIT

SAN FRANCISCO, July 11.—Upon her charge that her husband through stinginess made her take her bath at the same time as he, to save water, and that the day after he gave her \$5 for a wedding present he asked her for the change, Mrs. Grace Hart was today granted a divorce from Charles Hart, Bakersfield rancher.

She alleged also that Hart earns \$7,000 a year, but he compelled her to live with him in the one-room shack and explained that they were wasting money at that. His love became shattered by the discovery that two could not live as cheaply as one.

**SHIPWORKER LOSES FOOT.**

R. L. Byrd, a shipworker employed at the Moore shipyard and living at 1118 Eighth street, had his left foot amputated at the Oakland Central hospital yesterday as a result of an accident which occurred while he was at work.

## Irish Are Quiet in Face of New Orders

DUBLIN, July 11.—(By the Associated Press).—County Tipperary and the rest of Ireland have received quietly the proclamation of the government Monday, declaring all Sinn Fein organizations and Irish volunteers in County Tipperary unlawful associations. The proclamation places all civil activities in Tipperary under control of the military and prevents all persons from entering the district without a permit, thus restricting business.

# SNOW READY FOR AFRICAN HUNTING TRIP

Officially endorsed by the city council as Oakland's representative, and carrying letters from Governor William D. Stephens and the city board of education to the effect that his mission is purely educational, Henry A. Snow, Oakland and Newark naturalist, will start within the next two weeks on a trip to Africa, where he will join his co-workers, Leslie Simpson and Kenneth Quinlan, both graduates of the University of California, for a hunting trip, having for its object the collection for this city of the greatest exhibit of mammals, birds and eggs in the world. The letters of introduction are addressed to the various consuls in Africa and will acquaint them with the mission of the trio of naturalists.

This collection is to be presented to the city of Oakland absolutely without expense to the municipality, the only proviso being that a suitable building to house the display is furnished. The city having signified its willingness to do so, the matter is now before the Alameda County Development Commission, which will take the matter up in detail with the object of bringing before the Board of Supervisors a concrete proposition upon which that body can act.

## JOINT ACTION PLANNED.

Efforts are being made to see if there is not some legal way in which the city and county can act jointly. The belief has been expressed by attorneys that if it can be shown that the plan is educational, a way can be found whereby joint action may be taken by the city and county. The belief is expressed by attorneys that if it can be shown that the plan is educational, a way can be found whereby joint action may be taken by the city and county.

## TWO STORY BUILDING.

It is suggested that the building might be two stories in height, one floor being devoted to the history exhibits and historical collections; the other to house exhibits showing the agricultural, horticultural, manufacturing and other products and resources of the county. It is pointed out that in this way a permanent exhibit could be made on a much larger scale than that now on display in the offices of the Alameda County Development Commission.

## LARGE COLLECTION OFFERED.

It is believed that in the same manner the history of the county could be represented, but in any event the suggestion has been made that an adequate collection of this kind should be provided. Snow has offered to make the city a present of a large collection of mammals he has trapped or shot in past years.

# LITTLE MARY, ON VACATION, RUNS AFOUL OF GOOSE

Little Mary Marks Simon of Oakland believes that wolves are gentlemen and savage dogs are gentlemen when compared to geese on a rampage.

The news of Mary's adventure comes from Chico. The girl has been visiting Mr. and Mrs. G. A. Gordon, of 888 Butte street, that city, for a vacation. While playing on the street, she was attacked by five geese who knocked her off her feet. A huge gander gripped the child's throat with his bill, and serious injury was threatened when a passerby, Dr. F. W. Seydel, intervened. He had a tussle dispersing the geese. The same fowl are said to have attacked a small boy in Chico a few days before.

# CHAUFFEUR TOO CLEVER FOR 'PAL'

Edward W. Horton was clever, it was alleged in Police Judge Mortimer Smith's court, but not quite so smart as L. M. Brown, an Oakland chauffeur.

Horton's cleverness was the reason, the police declare, that a charge of check forgery brought against him was dismissed by Judge Smith, but it was due to Brown's adroit work in deceiving the alleged crook that Horton was bagged by the authorities and is now serving a 60-day sentence in jail for carrying concealed weapons.

Horton, who is 22 years old, came from Olympia, Wash., with a bride a few weeks ago, according to his story to the police. He stopped at the Hotel Athens, 1556 Broadway. He wears an army uniform to which inspectors R. V. McSorley and Frank Rossick say he is not entitled.

Two weeks ago, it is alleged that he held up Brown, the chauffeur, but that worthy put up such an argument that Horton, the police say, decided he would be better off to accept Brown's proffer of a partnership. They repaired to Horton's hotel, it is charged, and there Horton made out two checks. One of these, it is alleged, he offered to the hotel in payment of his bill. It was signed with the name of J. J. Wilson and drawn on the First National Bank. This was refused.

## Italy's Deficit Is

## Shown in Report

ROME, July 11.—Signor Schanzer, minister of the treasury, in a statement before parliament today on the financial situation, said expenses in last year's budget amounted to over 6,500,000,000 lire, as against revenues of 1,500,000,000 lire, leaving a deficit of 5,000,000,000 lire. The public debt, he continued, has risen to over 15,000,000,000 lire.

This group contains many specimens that once roamed over this country in great herds, but which are now practically extinct.

Leslie Simpson, a capitalist, has announced that he will spend \$400,000 of his own money during the proposed hunting trip if necessary, and make a present to the people of Oakland of all the mammals, birds and eggs collected during the trip, which cover about 6,000 miles in Africa and require more than a year's time.

## "SMILES"

By ZELDA FISHER,  
Artist and Writer.

Look out you  
crazies. This  
is the last  
show.

A popular ballad describes many kinds of smiles, but a popular hatter could add to the list with the smiles of satisfied customers.

Here we have Mel Anderson wearing a smile and a Mossant Hat, both of which are becoming to Mel.

A Mossant hat would give you a smile of satisfaction, too. It is one of our exclusive importations from France. Turn it any shape, it will hold. These hats are practically everlasting. They are made to give service and style to the wearer.

Next time you are passing, come in and let us show you how well you would look in a Mossant.

## Wedding in School Set Of Interest

A handsomely appointed wedding which took place at high noon Wednesday in this city was that of Miss Mary Scoville Bemis and Albert Charles Sneed, Rev. J. L. S. Foster, rector of St. John's Episcopal church reading the service in the presence of only relatives and a few close friends. Following the ceremony a wedding breakfast was served.

Mr. Sneed is a graduate of Vanderbilt University and has done graduate work at both Stanford and the University of California. He is head of the department of commerce in the Oakland high school.

Mrs. Sneed is a graduate of the University of Wisconsin and has done graduate work at the University of California, from which institution she holds the degree of Master of Arts. Before her marriage she was also a member of the faculty of the Oakland high school.

Mr. and Mrs. Sneed are both members of the Phi Beta Kappa honor society.

After a trip extending through several weeks Mr. and Mrs. Sneed will make their home in Piedmont.

### HOSTESS AT INFORMAL TEA.

At the residence of her father, W. D. Moore on Belmont avenue, Mrs. Clarence P. Woodbury, who is visiting here from her home in Arizona, was hostess at an informal afternoon on Monday, the affair arranged in compliment to her sister-in-law, Mrs. Harrie Taylor. (Ruth Woodbury) of Toronto, Canada. Varied colored blossoms were used in the appointments of the living-rooms and assisting the hostess were Miss Carleen Moore and Miss Dorothy White. Among the guests were Mrs. Edward de Lavigne, Mrs. Andrew Hennison of Philadelphia, Mrs. Paul Ogren, Mrs. Leo Seiden, Mrs. Richard Belcher, Mrs. Guy Jones of Sacramento and Mrs. Mann Stewart.

The residence of Captain and Mrs. George D. Kutz in Ocean View Drive was the scene of a wedding last evening when Mrs. Frances Porter Harvey became the bride of J. Sgoulding Heywood, the ceremony read by an old friend of the bride's family, Rev. H. E. Eastman of the Berkeley Presbyterian church. H. M. Simpson, city best man at the wedding and the matron of honor Mrs. Hazel McKinley of Los Angeles. A wedding supper was served for thirty guests following the informal reception. Pink was the predominating color scheme throughout the home.

The bride is a member of the pioneer Porter family of Stockton.

Mrs. John Cooper and her niece, Miss Sallie de Vine, are making a brief stay at Los Gatos, where Mrs. Cooper has taken apartments.

Dr. and Mrs. Albert E. Eyron of this city have just returned from a fortnight's motor trip to Yosemite valley. They were guests at Wagon and Cedar Brook Inn en route and while in the valley were guests at Camp Yosemite.

**GO TO MOUNTAINS FOR THE SUMMER.**  
Mr. and Mrs. Muller Searies and her daughter, Miss Jean Searies, have gone to the Santa Cruz mountains, where they plan to be for the remainder of the season. They will entertain at a number of informal house parties.

East Bay friends have just learned of Miss Cordelia Grove, daughter of Mr. and Mrs. W. G. Grove of Yountville, and William Wandersford, son of the late Harold Wandersford and grandson of the late W. G. Wandersford of San Francisco.

Mrs. H. Spens Black was hostess this afternoon at luncheon at her home in Vernon Heights. The guest of honor was Mrs. Samuel Cheney.

MISS HAZEL KIRK, who is to motor to Seattle and Vancouver, leaving Monday on her tour of the north.

who is visitor from the northern part of the state. A dozen or more friends shared her hospitality at luncheon and bridge.

### MISS POWELL IS HONOR GUEST.

Another informal affair of this afternoon was the affair given by Miss Mary McGless for Miss Eva Powell, who is home from New York. Miss Powell is interested in Young Women's Christian Association work.

Mrs. Geo. D. White, Miss Dorothy White and Miss Kate H. White left this week with Mr. and Mrs. George L. Keeney of Honolulu for an auto trip to Tahiti and Floriston, where they will remain for several weeks. Mrs. Keeney, sister of Mrs. White, was formerly Miss Edith Lewthwaite of this city.

### Settle Wage Dispute, Corporation Adivehd

SAN FRANCISCO, July 11.—The fact that the Los Angeles Railroad company is undergoing an investigation by the state railroad commission preliminary to adjustment of financial difficulties is no reason why the company should not meet its employees and settle the wage dispute. A letter expressing the foregoing sentiment was sent to the southern concern by the railroad commission.

The commission's letter followed inquiries made to the commission by employees of the railroad and commission as to how soon the commission would complete its examination of the company's affairs. These employees stated that in connection with their petition for a wage increase the company officials told them the company was at present in the hands of the commission and that it was unable to do anything until the commission had finished and reported.

## NATIVE SONS TO HOLD FLAG RALLY SUNDAY

The grand officers of the Native Sons of the Golden West will be among those to attend the flag presentation exercises to be held next Sunday afternoon in Golden Gate by Claremont Parlor of Native Sons. Grand President W. P. Caubou, Third Grand Vice-president Harry C. Williams, Grand Trustee Frank Carr and other grand officers will attend. Mrs. Addie Mosher, past grand president of the Native Daughters of the Golden West, will be among the grand officers of this organization to take part.

The general committee headed by Harry Burns has also issued invitations to Mayor John L. Davis, the city commissioners and other city officials.

The parade which will open the exercises and which will form at Fifty-third street and San Pablo avenue, will be headed by a platoon of police in charge of Chief of Police Lynch.

The Oakland fire department will be represented with decorated floats and other symbolic floats will be in line.

### Educator Shot by Thief Who Escapes

SAN DIEGO, July 11.—Professor J. J. Green, head of the technical department of San Diego high school, was shot by a burglar in his home here.

The invader began shooting when he was surprised by Mr. Green, who on hearing a strange noise in the house, came from an adjoining room and looked into the door of the room occupied by her husband. Four shots were fired, Green saw one entering his arm near the elbow, and one barely missing his head. The burglar escaped.

### Wilson Is Asked to Help Korean Cause

SAN FRANCISCO, July 11.—The Korean Women's Society of San Francisco has sent an appeal to President Wilson to intervene to protect Korea from "Japanese aggression." The telegram concluded: "We beseech you to earnestly consider immediate investigation of the 'Japanese protectorate' over Korea and to help in whatever way you can to rectify the greatest wrong the world knows today."

## A Review of Twenty-seven Years

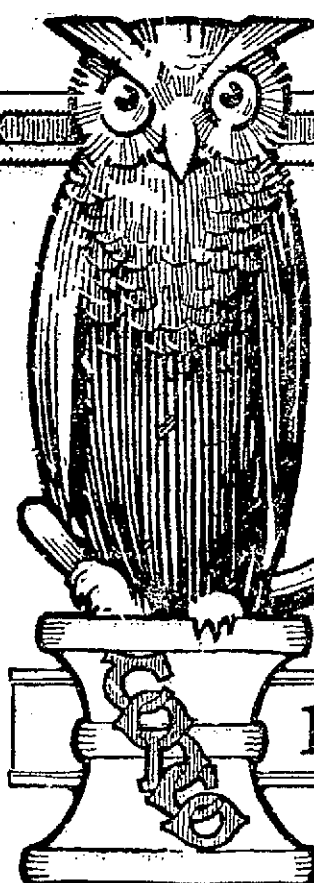

The first Owl Drug Store was opened twenty-seven years ago by R. E. Miller, who is still the president of the greater institution consisting of thirty successful stores serving fifteen million customers annually.

The same fundamental policies are being followed. Expressed in condensed form they are: Overlook nothing that will help to make The Owl Drug Stores the best drug stores in the world; treat every customer as a guest; operate each store with the best interests of the community in mind—"He profits most who serves best."

The growth of the company has been at all times steady and consistent. The foundation is firm and the present structure well-built. So long as the public appreciate well-stocked and well-managed drug stores, the chain of Owl Drug Stores will continue to grow until it is in fact a national institution.

# CITY PLEDGED AID IN WATER SUPPLY QUEST

Written confirmation of the agreement of the East Bay Water Company to work with the East Bay cities in developing an adequate water supply was filed today with Mayor John L. Davis by Wiggan, president of the company, following his conference with the mayors of Oakland, Berkeley and Alameda, in Davis' offices yesterday.

The agreement will put an end to consideration of the work of various unofficial bodies and unofficial investigators, who have been working on a water supply, according to Mayor Davis, and a probable contest by such organizations is expected. Under the agreement reached at the conference yesterday the engineers of the water company will make all investigations at no expense to the city. The "Water Commission" representing the cities involved, and various improvement clubs and other organizations are thus thrown "out of a job."

**REPRESENTATION ON BOARD.** The three cities, according to the agreement reached yesterday, are to have representation on the company's board of directors, and the company's engineers are to make all development investigations, and plans and report to the municipalities.

Cited's letter is as follows: "Hon. John L. Davis, Mayor of the City of Oakland, City Hall, Oakland, Cal. My Dear Sir: "At the conference this morning in your office, at which you, Mayor Davis, Mayor O'Connell, and I were present, two questions were asked me as president of the East Bay Water Company. These questions were substantially as follows: "1. Will the East Bay Water Company forthwith submit to the mayors of the cities of Oakland, Alameda and Berkeley its plans for the immediate future and a report as to what water supply service conditions will exist during the next few years? "2. Will the East Bay Water Company cooperate with the mayors of these three cities in the work of determining upon and securing a permanent source of water supply which will permanently solve the water problem for the East Bay communities?"

**COOPERATION PLEDGED.** "I respectfully confirm the oral answers I gave you this morning to the effect that the East Bay Water Company will promptly supply you with complete information as to the immediate future and that the company will forthwith cooperate with you in the big task of working out a final solution of the important question of permanent water supply for the East Bay region. Our effort will be to comply fully and promptly with your wishes. "I have just requested our chief engineer at once to assign competent members of his staff to the work involved in complying with your requests. Reports will be filed with you as promptly as the nature of the work permits.

"Yours truly, "W. E. CREED, "President. "Oakland, July 10, 1919."

## WOMAN FAINTS DURING TRIAL SAN FRANCISCO NEWS JUDGE FLAYS ROBBER SUSPECTS

SAN FRANCISCO, July 11.—Some news who used her husband's employment bureau, smoked cigars and had to be discharged, testified Mrs. Gussie Soher, 159 Noe street, in her divorce case against Gus A. Soher before Superior Judge E. P. Shortall.

At the height of her recital Mrs. Soher fainted and when she revived was carried from the courtroom in a hysterical condition. She declared that her husband was unkindly familiar with a nurse, Mrs. Willie Mahan. Soher runs an ambulance service, with a nurse's employment bureau as side line.

Before this infatuation she said they were very happy. "He can bake wonderful apple pie," she declared, "and his biscuits are even better."

Judge Shortall continued the case until Monday.

**TROUBLE BREWING OVER SHANTUNG AWARD**

Grave trouble is brewing in China over the award of the Shantung to the Japanese, according to Henry A. Stebbins, sub-manager of the Chinese American Export and Import Company, who has arrived from the Orient on a scale greater than the Boxer rebellion is likely, Stebbins believes. He said that when he left the Orient June 14 there was widespread rioting in northern China, and martial law had been declared.

**ATTORNEY CHARGED WITH EMBEZZLEMENT**  
William H. Boorman, attorney, with offices in the Bank Building, is charged with embezzlement in a warrant sworn to by Assistant United States Attorney Wilford H. Tully, who acted on cable advice from federal authorities in Manila. Boorman is alleged to have failed to make an accounting of \$25,000 collected for a client. He declares that he turned the money over to an agent of the client.

**JUDGE FAVORS DEATH PENALTY IN THIS LEASE**

With a sharp exhortation for the prisoners, Police Judge Fitzpatrick turned over to the Superior Court Frank Lederman, Elmer Sanborn and two negroes, Frank Barton and Percy Randolph, alleged to have robbed the home of E. A. Hadley, 2128 Filbert street, after beating and gagging Hadley and his wife. Fitzpatrick declared that he was in favor of capital punishment for such offenders.

**SEVEN PERSONS ARE PINNED UNDER AUTO**

When two automobiles crashed and overturned at Fulton and Laguna streets last night, seven persons were pinned beneath the machines. All were hurt but none seriously. The injured are: Benjamin Lipsitz, 1133 Lake street; Miss Phoebe Moss and Mrs. Lena Moss, 73 Fifth avenue; Elias Swift and wife, 1798 Gough street; Guy Lombard, 956 Bryant street; and Miss Betty Carson, 762 Nineteenth avenue.

**GIRL ORDERED INTO CUSTODY. TAKES POISON**

Helen Suske, age 17, swallowed poison at the Juvenile Detention Home when ordered into custody by Superior Judge Frank Murphy for breaking her probation. She resisted first aid and was taken to the Central Emergency hospital, where it is believed she will recover.

WASHINGTON, July 11.—Senator Sherman of Illinois wants to know how much it costs Uncle Sam to break into print. To this end the Senator today had before the Senate a resolution calling upon every government department to furnish the number of publicity men employed.

**Bill Has Come, Gone; Oxnard Sad**

**'Dog Man' Won't Fry 'Em in South**

Oxnard, Calif., has had a sensation. It is the same sensation as Berkeley, Calif. has had on several occasions and Oakland, Calif., as well. It is "Bill, the Dog Man," the press of the southern town chronicles the arrival of the Eastbay restaurateur, and also his departure, for Bill elected not to fry his toothsome Liberty steak patties and onions there.

Of course, it is as William Henderson that he is mentioned. It seems he looked over the ground at Oxnard as a possible location for his perambulating cafe, but decided finally to cling to his Berkeley location.

"Thousands upon thousands of people around Berkeley and throughout the state know him," say the Oxnard papers, which tell of his departure with evident regret.

Since first he established his "cafe" wagon at Shattuck avenue and Center street in Berkeley, almost twenty years ago, Bill has looked over several other locations, and from time to time succumbed to their attractions. Thus Sacramento and Stockton and Oxnard have known him in turn. But each time the "Dog Man" has reverted to his first love, and now Oxnard, like the other deserted cities, is left lamenting.

Why the "dog man?" Who asks that has never caught a whiff of his "hot dogs" as they advertised themselves to the noses of college town dwellers. No man knows like William Henderson the low-down ground-floor, rock-bottom secrets of the "hot dog."

**New-Made Officers to Study War in France**

HOBOKEN, N. J., July 11.—Commanded by Lieutenant Colonel G. R. Harrison, 227 second lieutenants, members of the last class graduated from West Point, boarded the steamship Leeward, and Saturday will carry them to France to study scenes of the big battles on the western front.

## FIRST AUTO OWNER IS BADLY INJURED

REDWOOD CITY, July 11.—Gustav A. Thiel, formerly a jeweler of this city, was severely injured, when struck by an automobile on the State highway near San Carlos.

Thiel was repairing his car and was standing alongside of it when he was hit by a passing machine driven by Robert Fellman. He was hurled to the road and knocked unconscious. Fellman rushed him to this city, where it was found he had sustained several fractured ribs.

Thiel is 75 years of age, and was the first man to own and operate an auto in this place.

## Bill Has Come, Gone; Oxnard Sad 'Dog Man' Won't Fry 'Em in South

Oxnard, Calif., has had a sensation. It is the same sensation as Berkeley, Calif. has had on several occasions and Oakland, Calif., as well. It is "Bill, the Dog Man," the press of the southern town chronicles the arrival of the Eastbay restaurateur, and also his departure, for Bill elected not to fry his toothsome Liberty steak patties and onions there.

Of course, it is as William Henderson that he is mentioned. It seems he looked over the ground at Oxnard as a possible location for his perambulating cafe, but decided finally to cling to his Berkeley location.

"Thousands upon thousands of people around Berkeley and throughout the state know him," say the Oxnard papers, which tell of his departure with evident regret.

Since first he established his "cafe" wagon at Shattuck avenue and Center street in Berkeley, almost twenty years ago, Bill has looked over several other locations, and from time to time succumbed to their attractions. Thus Sacramento and Stockton and Oxnard have known him in turn. But each time the "Dog Man" has reverted to his first love, and now Oxnard, like the other deserted cities, is left lamenting.

Why the "dog man?" Who asks that has never caught a whiff of his "hot dogs" as they advertised themselves to the noses of college town dwellers. No man knows like William Henderson the low-down ground-floor, rock-bottom secrets of the "hot dog."

## JUSTICES PUZZLED BY HUG RULING

Justices of the peace in Oakland today are mulling over a decision that if followed here promises to create a panic on moonlit summer nights.

Down in chemically-pure Los Angeles a Justice has ruled that a man is guilty of reckless driving when he has his right arm around a girl and his left on the steering wheel. It didn't matter to the judge, either that the man was not exceeding the speed limit, that the automobile was not equipped with a motorist was not zig-zagging. Learned lawyers argued the point at length, and when the decision was announced, plucking a fine of \$10 on the amorous motorist, it was declared that appeal would be taken to a higher court.

Charles L. Robinson was the guilty Justice. He admitted that he had his arm around a girl, but he said it was his own girl and he couldn't understand why County Speed Officer W. F. Cannon objected.

The culprit was represented before Justice Harlan G. Palmer by his brother, Attorney Dudley Robinson. The lawyer declared that many times an automobilist drives with one hand in the city when signaling for a turn.

"Yes, but he looks to the front," said Officer Cannon. "This man was looking to the side."

Justice Palmer said when he drove with one hand it took all his power of concentration. In this case he asserted that Robinson's concentration was not on the wheel.

## Marine Veterans to Elect Officers

Election of officers for the Marine Corps Veterans will be held tonight at the Marine Corps recruiting station, 327 Broadway. There are about ninety members, all taking an active part. They have made application for membership in the National Rifle Association, as they hope to take up rifle practice the same as they had while serving that branch of the service. All ex-marines are asked to join them.

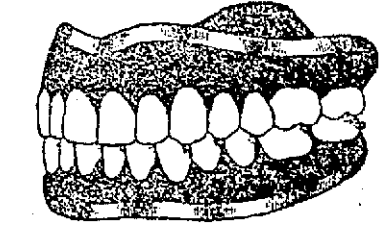

## "BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

## Eastbay Delegates to Chicago Meeting Spend Spare Time in Boosting Work

Jesse Robinson of this city was elected president of the International Association of Lions' Clubs at the convention of the association in Chicago yesterday. Robinson attended the convention as one of the delegates from Oakland. He is a member of the local den, and J. Cal Ewing.

Robinson has at all times been one of the most active promoters of the interests of the local organization and has held various important offices and chairmanships in the order.

During his attendance at the convention Robinson has been doing some good advertising work for Oakland and Alameda county. All of the local delegates assured their fellow members prior to their departure for Chicago that they would not overlook an opportunity to put in a good word for Oakland. They have gained a reputation as boosters and each knows how to present facts in an impressive manner.

The following were elected trustees at the convention: John J. Boyle, Houston, Tex.; E. W. Cameron, Minneapolis, Minn.; and A. V. Davenport, Tulsa, Okla.

## OIL FROM BIG TANKERS KILLS PISMO CLAMS

SANTA MARIA, July 11.—Dumping of oil bilge from tankers is killing off the clams for which Pismo beach, near Santa Maria, has long been famous, according to the report made by a representative of the State Fish and Game Commission. In a few minutes' walk along the beach more than a hundred small dead clams were found with their shells sealed by the fatty substance. A law has been in effect for more than a year which provides a heavy penalty for dumping oil bilge, but the Santa Marians complain that ship captains pay little attention to it.

## Ship Concern Sued for \$133,390.89

SAN FRANCISCO, July 11.—The California Sea Products company today filed a libel in the federal district court for \$133,390.89 against the steam wharves "Hawk" and "Clark Saunders" now lying in Islais Creek basin. Joined in the libel is the Christian Hannevig company and Captains F. A. Malm and P. M. Mieselson of the two vessels.

The petitioners allege they purchased the vessels from the Hannevig company and paid \$110,000 and in addition gave the two captains \$16,000.00 and that after these payments had been made, delivery of the vessels was refused.

## Social and Dance for American Legion

An informal social and dance will be given in honor of the American Legion of Oakland by the Sons and Daughters of Washington Juniors, tonight, at 8 o'clock, Armory Hall, 1101 Market street. An elaborate musical program and exclusive dancing has been arranged. The public will be welcome, and a large audience is expected. Admission will be 25 cents, men in uniform and women free. Mrs. Adelaide B. Taylor, contralto, will render vocal selections.

## Piedmont Parlor, N. D. G. W., to Install

Next Thursday at 8:30 p. m. in Nativ Sons' hall the officers of Piedmont parlor No. 87, N. D. G. W., will hold installation at a private meeting. District Deputy Grand President Sue I. Irwin will be the installing officer. After installation ceremonies are concluded the past president's jewel will be presented to Mrs. Louise McCutcheon.

Piedmont parlor No. 120, N. S. G. W., held a public installation last Friday.

PHENIX CASE TO BE TRIED. SAN FRANCISCO, July 11.—The demurrer to the indictment charging L. A. MacBride, president of the American Asiatic company with the theft of 21 drums of phenol, was overruled by Federal Judge William H. Sawelle today and the case will be set for trial with the return of Judge M. T. Dooley some time in August.

HOLD UP FUNERAL. DES MOINES, Iowa, July 11.—It costs \$1.50 to delay a funeral in San Francisco. Senator Haskett, testifying before a legislative probe committee, said he was taxed that sum when he failed to return a rental suit of dress clothes to an undertaking firm on time. He held up a funeral.

## SAVE ARMENIANS, PLEA OF PASTOR

MOUNT HERMON, July 11.—"All the Christian world is in duty bound to see that that infernal machine called the Turkish government is smashed into a thousand pieces. The Turk has lost the right to govern and control any government on earth. The Turkish government ought not to live. If the treaty is rejected by the Senate, there is no hope for Armenia."

This appeal by the Rev. M. G. Papazian, pastor of the Armenian Congregational church of Fresno, stirred a large audience at the conference here of the Federate School of Missions.

The Rev. Papazian himself was born an Armenian but is a naturalized American. For fifteen years he was pastor at Alintab, Turkey, where his congregation numbered 950 persons. The church has now been wiped out and many of the congregation died of starvation.

The pastor saw thousands of Armenians killed. He urged Americans to see that justice was obtained for the few hundred thousand Armenians left, mostly women and children, he said, many of the women dependent and most of the children orphaned.

## FIRE ON BUTLER RANCH MENACES BIG SANITARIUM

LOS GATOS, July 11.—Starting at "Junker Lane," the old Dr. S. S. Butler ranch in the Santa Cruz mountains near Los Gatos, a fire which for a time threatened to do much damage, gained great headway yesterday and last night, until it was at last brought under control.

Oaks' sanitarium was menaced, but the wind carried the fire to one side and it passed on. The flames were stopped at Trout creek by a number of ranchers who had been fighting them.

## The Jingles in The Headlines

By Harve Westgate

The war is over, the world's at peace, and business now will hum, and soon we'll trade with Fritz again, and sell him chewing gum; we'll trade again in old Berlin, just as we did of yore, and buy sardines and limburg cheese, and weenie-wursts galore.

## RECEPTION TO WILSON PLANNED

Tentative plans are being outlined by the Oakland Chamber of Commerce for a reception to President Wilson should he come to Oakland on his prospective tour to the Pacific Coast, and as soon as definite assurance is received that the nation's chief executive is to include this city in his itinerary and the length of time he can spend here is known, final details of the program will be arranged.

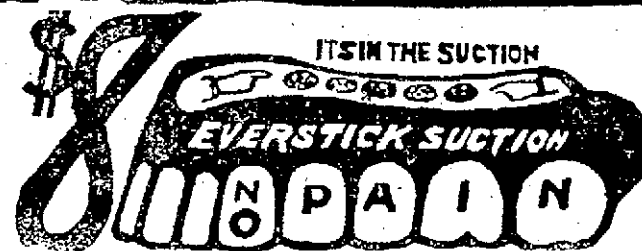

It is virtually assured, officials of the Chamber of Commerce say, that the president will come to Oakland if he visits California, and a general welcome of all the people, regardless of party affiliations, awaits him.

F. Ray Groves of Los Angeles, secretary of the Democratic State Central Committee, arrived in San Francisco yesterday and is interviewing leading Democrats in all of the bay cities regarding plans for a general reception in honor of President Wilson's visit.

## CANNOT ACT FOR IRISH: WILSON

WASHINGTON, July 11.—(By United Press.) President Wilson expressed today the wish that the American people should understand "the delicacy of his position with reference to the Irish freedom." He stated this request to a group of Democratic Senators who visited him in the President's room at the Capitol after he had addressed the Senate.

The President told the Senators that it was impossible for the proponents of Irish independence to obtain recognition at the peace conference. The situation as explained by the President is that the conference is concerned with territory taken from the enemy, and not possessed by the allies, whereas the Irish question relates to territory which is recognized by international law as belonging to Great Britain.

The Senators, many of whom have been boldly advocating Irish freedom, were urged to carry this view of the matter to the people of the United States. At least one of them—Senator

Phelan of California—accepted the President's view of the situation. After the conference with the President, Senator Phelan said:

"I realize the delicacy of the situation as far as the President is concerned. Outside of obtaining England's consent to Irish autonomy, nothing short of war with England can be done for Ireland. But no one proposes war with England for the sole purpose of liberating Ireland. England has technically legal possession in Ireland and she denies the jurisdiction of the conference to disturb her title until she is ready to consider it."

"England should yield autonomy to Ireland, however, if she sincerely concedes the principle of self-determination and firmly to establish peace in the world. All the forces are at work to satisfy Irish demands, in my judgment, excepting the province of Ulster. When Ulster yields England will yield, and I think Ulster will be given guarantees and ultimately conformed."

The President informed the Senators that Premier Lloyd George had arranged passports for the American delegates sent to Ireland with a view of enabling them to get first hand information.

### FINED FOR BATTERY.

SAN JOSE, July 11.—Andrew Silveria, charged by John Mattis with battery, was arraigned before Judge Brown yesterday and was fined \$20.

## U. S. TO FENCE IN MEXICAN BORDER

LOS ANGELES, July 11.—A barbed wire fence eight feet high and two miles long will be erected immediately between Calexico, California, and Mexicali, Lower California, under the supervision of the United States military authorities on the international boundary.

The barrier will cover that stretch of the boundary on which smuggling of Japanese and Mexican laborers and evasion of customs duties are most common. Buildings, irrigation ditches, river beds and dense undergrowth obscure the view of patrol officers along this two-mile front. On either side is an open country.

Thirty miles to the east of Calexico begins the ninety mile seven-strand wire fence erected some years ago by the government for agricultural purposes, particularly to prevent stock from crossing the international line without proper inspection.

A contract had been let by order of Secretary of War Newton D. Baker for the erection of the eight-foot fence between the two border towns. Concrete posts will be set ten feet apart. The entire work is to be constructed as to last for many years.

In the last few months several men have been shot and killed by the military patrol at Calexico as they were attempting to slip over the border. The new fence is expected to prove an adequate barrier to smugglers and law breakers, and generally to make the task of guarding the frontier vastly easier than it has been.

## Stephens Orders Hospital Probe

LOS ANGELES, July 11.—Governor William D. Stephens has ordered a thorough investigation of charges of brutality and lack of sanitary precautions at the Norwalk State Hospital, near Whittier.

The governor's order followed the publication of the first installment of a long statement by Earl Rogers, formerly a well-known attorney here, who recently spent some time in the institution under a voluntary commitment.

Dr. W. B. Kearns, superintendent of the hospital issued a statement saying that he invited the "closest investigation" of the hospital and its administration.

## PRESIDENT'S ADDRESS IS CRITICIZED

WASHINGTON, July 11.—President Wilson's address to the Senate transmitting the peace treaty was praised by Democratic leaders as one of his best state papers, but Republican senators generally were inclined to criticize it.

Senator Lodge of Massachusetts, the Republican leader, made no comment, and Senator Knox (Republican), Pennsylvania, declined to comment.

Senator Borah (Republican), Idaho, was the leading opponent of the league of nations, also declined to comment, except to say that President Wilson "completely answered" his own argument that the league of nations is a league for peace by its own argument that it is "formed as an alliance of war."

Senator Brandegee (Republican), Connecticut, characterized the address as "soap bubbles of oratory and a profusion of phrases."

Senator Norris (Republican), Nebraska, said the address contained "glittering generalities" and failed to clear up Article 10 of the Shantung question.

"Nothing, mellowing and uninforming," was the comment of Senator McCormick (Republican), Illinois. "Mr. Wilson characteristically made no reference to the immoral Shantung affair."

Former Speaker Joseph G. Cannon said Isaiah had prophesied the end of war in vain, and that it was "possible President Wilson's address may not be any more substantial in results."

Senator Harding (Republican), Ohio, a member of the Foreign Relations Committee, said the address was the "purest of the internationalist and utterly lacking in ringing Americanism."

"It was a fine, comprehensive presentation of the case," said Senator Hitchcock (Democrat), Nebraska. "It was a dispassionate and convincing statement of the reasons that led the representatives of one billion people to agree on its reorganization of the world."

McCUMBER APPROVES.  
Senator McCumber (Republican), North Dakota, a supporter of the league of nations, said the address was "very impressive."

"The address," said Senator Swanson (Democrat), Virginia, "is magnificent, able, eloquent and inspiring. The reasons presented for the ratification of the treaty, including the league of nations, were strong, cogent and unanswerable."

"I think," said Senator Williams (Democrat), Mississippi, "that in breadth of vision, in height of humanitarianism, in fundamental world statesmanship and in delicacy of dove-tailed English, it is the greatest thing he has ever uttered. His words are a fitting close to his magnificent, unselfish and unswerving whole, effective work at Paris."

"I thought," Senator Chamberlain (Democrat), Oregon, "it was a splendid address, covering the subject completely and in a way that will make its way to the hearts of the American people."

Senator Robinson (Democrat) of Arkansas asserted the address was a clear and forceful argument for the ratification of the treaty.

POINDEXTER'S VIEW.  
Washington Posteditor (Republican). Washington, characterized the speech as "a masterpiece of statesmanship and no 'light whatever on the very practical business of the nature, power and method of operation of the league of nations.'"

The President's address, said Senator Walsh (Democrat), Montana, "revealed in outline and yet with sufficient distinctness some of the intricate difficulties of the tremendous problem with which the peace congress was called upon to deal, making compromise essential to any result except chaos," and was "an exposition of rather why a league is necessary than a justification which perhaps no one expected at this time."

Senator Pomerene (Democrat), Ohio, said the President's message showed "very clearly the necessity for linking up with the treaty of peace the covenants for the league of nations."

Speaker Gillett (Republican), Floor Leader Mondell and other leaders in the House, did not hear the President's address.

Champ Clark, Democratic floor leader, said: "It was a very fine speech."

## MURDER CAR IS SOUGHT IN GIRL TRAGEDY

TACOMA, July 11.—Authorities investigating the finding of the body of the girl found murdered and buried in a shallow grave near Olympia Wednesday night today believed they had a clue as to a "murder car," said a Tacoma police officer.

The body was found, said an enclosed automobile arrived at the scene of the crime on the evening of June 9, when the crime is thought to have been committed.

The car bore an Oregon license number. It stood for several hours in front of the old Walter White house, which was mysteriously burned to the ground at 9 o'clock the following morning. Mrs. Sheehan found a woman's ring in the ashes of the abandoned house.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle don't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach, or constipated bowels. It doesn't gripe, or cause inconvenience, or the next day's calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Advertisement.

HOLLAND MAKES  
SHARP REPLY  
AS TO KAISER

PARIS, July 11.—In a sharp note replying to the allies' warning not to permit the former Kaiser and crown prince to escape, Holland declared she was surprised at the warning, "inasmuch as it was based on mere rumor."

The note asserted that the Dutch government was conscious of its international obligations, but it must retain the liberty of exercising its sovereign rights. Holland's reply was announced officially here.

ONCE GRAY HAIR  
NOT ALWAYS SO

No longer is it necessary for men or women to be held back on account of gray hair. The business world takes keen notice of gray hair nowadays—but why worry, when it can be easily restored to its natural color with the wonderful Co-Lo Hair Restorer?

A scientific process discovered by Prof. John H. Austin, of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, healthful manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp; is not a dye; contains no lead or sulphur; has no sediment and is as clear as water; is pleasant and simple remedy to apply. It will not wash or rub off.

Co-Lo Hair Restorer comes in—A6 for Black and all Dark Shades of Brown. A7—Extra Strong for Jet Black hair only. A8—for all Medium Brown Shades. A9—for all very Light Brown, Gray and Auburn Shades. Co-Lo is on sale in all Owl Drug Stores. Advertisement.

Girlish, Wrinkle-Free Skin Easy to Have

Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the axolotl face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and saggingness. The formula is powdered axolotl, one ounce, dissolved in witch hazel, one-half pint.

This simple and harmless face bath is a splendid thing for the outdoor girl, since sun, wind and flying dust are so provocative of equitling and other conditions which cause wrinkles and crow's-feet. Also it is fine to freshen up a tired face in hot, depressing weather. Advertisement.

S. P. Bridge Near  
Stockton Is Burned

STOCKTON, Cal., July 11.—The Southern Pacific railroad bridge No. 113, located east of Galt, between Stockton and Sacramento, was destroyed by fire last night. A bridge crew was rushed to the scene at once and commenced work while parts of the old structure were still smoking.

The origin of the fire is unknown.

## Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle don't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

# Nedderman Says Often Warned Looz on Gambling Ex-Police Chief to Resume Graft Defense Monday

Making of new citizens interfered today with the progress of the trial of John H. Nedderman, former police chief, for bribe-taking, but he will resume the witness stand Monday morning, and once more face the fire of cross-examination which occupied his time for two hours yesterday afternoon. Because of naturalization matters in the calendar, Judge James G. Quinn was forced to deny his court to the graft case today.

Details and occurrences that have gone to make up the picture of venality which the prosecution has drawn appeared under a new light as former Chief Nedderman's direct and cross-examinations proceeded. Her- man Looz visits to him became a half a day or more rather than money transactions. His inquiries as to Looz's proposal to testify before the grand jury had lost the aura of worry in his mind with which the prosecution had clothed him.

THE HON. JUDGE QUINN WARNED Looz AGAINST INFRACTIONS. Instance after instance came to light in which he said he had warned Looz against infractions of the law.

phatic negative. The examination continued. FURTHER DETAILS OF CHARGE DENIED.

Q. Did you ever ask Looz or agree with Looz to take any money from him for any purpose at all?

A. No, sir.

Q. Did you at any time make an agreement with Looz that you would not arrest or have arrested any persons engaged in the violation of Section 338 of the Penal Code?

A. No, sir.

Q. In March, 1918, did Looz pay to you the sum of \$125 or any other sum?

A. He did not.

Q. Did you see Looz at the office of the tax collector and did you have a conversation with him there in which he agreed to come out to your house?

A. I did not.

Q. Did he call up your house before he came out?

A. Yes, sir.

Q. What time of day was that?

A. I don't remember exactly; it was in the evening, after dinner.

Q. Who else was present?

A. My wife.

Q. All of the time, during the whole of your conversation?

A. She was.

Q. Did Looz ever tell you he had been paying \$40 a month to Corporal O'Neill?

A. He did not.

Q. And did you promise to move O'Neill into the fog belt, or something of the kind?

A. I did not.

Q. Did you ever show this letter to Hermann Looz?

Q. How long was he there?

A. He was there just long enough to buy an after-dinner drink; about five minutes, I should think.

Q. Did he leave with Looz party?

A. No, sir; he left alone.

Q. Practically every one of these answers disputed a statement regarding the same circumstance which Taylor made on the stand. The defendant's answers concluded his direct examination and District Attorney Decoto immediately took him in hand for cross-examination on the events of that same night at Louie's.

Q. "It is not as a matter of fact true," demanded Decoto, "that when Cockrell came into the restaurant and to your table that he stayed from 11 o'clock to three-quarters of an hour or perhaps longer?"

Nedderman said it was not true. Decoto tried to pin him to saying that Cockrell bought an after-dinner drink for him, but his answer was qualified.

"Yes," he said, "for me and the others."

"Did you talk to him?" asked Decoto.

"Well, maybe I did," was witness' reply.

From this point the testimony proceeded as follows:

Q. Looz told you, he used those materials for a crap game, did he not?

A. No. He said he was going to use them for that.

Q. Didn't you, a chief of police, know that it was the outfit for a banking game?

A. It might have been.

Q. Didn't he say he had used it for that?

A. No, sir.

Q. The money was there?

A. Yes, sir.

Q. And there were men in the front room?

A. Yes, playing poker.

Q. What business of them?

A. They ran out.

Q. Didn't you see Looz tell you he had just been out to look for some of the boys to come up and gamble?

Decoto sought to establish the fact that Looz, after he had been arrested and appeared in court, and been fined \$200, repaired directly to the chief's office. Nedderman remembered the occasion of his court appearance and of seeing Looz afterwards and, though it might have been an hour afterwards.

"Didn't he complain to you about O'Neill and say that he had paid O'Neill \$40?" the district attorney inquired.

"No, sir," replied the witness.

"What did he say when he met you after paying his fine," Decoto pressed.

"I don't know just what he said," Nedderman returned. "He did a lot of grumbling. He was talking about not being treated right."

"Did he say he was?" insisted the prosecutor.

"I don't remember just what he said," Nedderman answered.

Judge Quinn dismissed the jury until Monday because of the regular court holiday tomorrow and the necessity of his attending today to naturalization matters.

he was doing there and that Looz did not want to talk. He asked Looz, he said, "where was the bankroll and was told by Looz that it was his and that he had mortgaged his house to get it. Nedderman said he asked if it was not Jack Woolley's and that Looz admitted he had a partner but would not say who he was.

"Is it not a fact," demanded Decoto, "that it was Captain Lynch who did all the questioning and that you simply sat there and said nothing?"

"No, sir, it is not," Nedderman rejoined.

# WETS HOPE FOR DRY LAW REPEAL

WASHINGTON, July 11.—Because of its bearing on the fate of war-time prohibition, President Wilson's view that completion of demobilization of the army would depend upon the speed with which Germany executed the military terms of the treaty and with which the pact was ratified by the various nations, was widely discussed in congressional and other circles.

Prohibition advocates expressed the opinion that demobilization probably would not be completed before the country became dry by constitutional amendment, next January 16. They said Germany had from one to four months in which to carry out the military terms; that the President believed American troops should be maintained on the Rhine during that time and that in all probability the men there would not be brought home and mustered out much before the first of the year.

Those favoring the repeal of war-time prohibition as it affects light wines and beer had not given up hope, however, as they believed demobilization might be declared completed when the army had been reduced to the 325,000 men authorized in the new army appropriation bill. Plans for the war department now are to bring the army within this figure in September.

Consideration of legislation for the enforcement of both war-time and constitutional prohibition was resumed today in the House, while the Senate judiciary sub-committee agreed on the principal feature of an enforcement measure to be laid later before the full committee and after approval to be submitted to the Senate.

The Senate sub-committee was said to favor a bill less drastic than that being considered in the House, but agreed on a definition of intoxicating liquors as those containing more than one-half of one per cent alcohol.

# U.S. TO HAVE WORLD'S BEST BATTLESHIPS

WASHINGTON, July 11.—The United States navy is to have the two biggest battleships in the world. This was revealed today when Secretary Daniels awarded a contract to the Newport News Shipbuilding company for battleship 53, to displace 43,000 tons and to have 16-inch guns. A contract for another battleship of the same type will be awarded next week, it was stated. Battleship No. 53 will cost \$21,000,000.

If you saw it in THE TRIBUNE, tell them so. Thank you.

## NATIONAL I. W. W. CAPITAL IS PLAN; AWAIT HAYWOOD

SPokane, Wash., July 11.—An I. W. W. city on the desert off Wilson Creek, southwest of Spokane, to be the national I. W. W. capital, is being planned here, according to seemingly authentic information. It is said actual construction of the city is awaiting only the release of the I. W. W. leader, Bill Haywood, and his arrival here. It will be a colony largely on the Mormon settlement plan. Everything will be co-operative and it is expected I. W. W. from all over the nation will migrate to it.

## Austria and Soviet Regime are at Outs

PARIS, July 11.—High tension between the Austrian and the Hungarian governments is indicated in despatches received here from Vienna and Budapest. The Austrian foreign minister, Dr. Otto Bauer, has demanded the recall from Vienna of the Hungarian minister.

## NAVY SENTENCES ARE MITIGATED

WASHINGTON, July 11.—A clemency board consisting of Secretary Daniels, Rear Admiral George R. Clark, judge advocate general, and Commander Frank B. Freyer, assistant judge advocate general, is engaged in reviewing court martial sentences imposed during the war. Many punishments involving prison terms or fines are being mitigated or set aside by the reviewing board. Secretary Daniels announced today that not a man was executed as the result of naval court martial during the war. In several cases he said, court martial recommended the death penalty, but in each the reviewing board commuted the sentence to imprisonment.

## Ex-Suitor Killed Bride, Is Belief Suspect Being Held by the Police

UCLAH, Cal., July 11.—To discover the owner of the shotgun and the bullet which killed a bride of two weeks, Sheriff Ralph H. Byrne and his men were conducting a careful search of Mendocino county today.

The body was of 12 gauge. Contents of two shells were emptied into the young woman's skull and breast at short range. The soldiering iron was found by Fred S. Knaesche, her husband, lying near the shotgun. A fingerprint expert and photographer from the San Francisco police department are aiding the sheriff's force.

Friends of Mrs. Knaesche asserted that the murderer must have been a friend who had admired her from a distance and who became enraged through jealousy when she married.

Suspect of being the slayer, a man whose name is withheld today is in custody of the police of San Francisco. The suspect was arrested as he climbed from a freight train and, according to the police, was unable to give a satisfactory account of his movements for the last forty-eight hours.

The man admitted the police that he was in Ukiah at the time of Mrs. Knaesche's murder. The coroner's inquest here today is to throw additional light upon the tragic mystery. The coroner's jury found that Mrs. Knaesche's death "from two gunshot wounds inflicted by an unknown person."

The woman's husband, Herman J. Knaesche, recently returned from overseas service. He and the woman were married June 23 and only returned from their honeymoon last Monday. Knaesche's testimony at the coroner's inquest follows:

"I left my wife alone at our home about one o'clock Wednesday afternoon. I had some business to attend to and before returning home I stopped at the river to take a walk. I found my wife's body when I returned home. I was not away from the house more than two hours."

That robbery was not the motive is shown by the fact that the woman was wearing a diamond ring on her left hand, a gold watch and other jewelry, were not disturbed.

Mrs. Knaesche was 23 years old and the daughter of a pioneer Ukiah family.

BERKELEY, July 11.—Dropping mysteriously from sight while playing with small charms at San Pablo Park playground yesterday afternoon, five-year-old Muriel Berlin, daughter of Mrs. R. E. Berlin, 730 Channing way, is causing a police search to be made in the bay cities to ascertain her whereabouts.

No Euro family was known to the council, either rejecting the resignation or accepting it. It is understood, however, in local political circles, that the resignation is to be accepted at the next council meeting and W. G. Appleton appointed in his place.

Appleton, who appears to be in line for the street job, was for twelve years manager of the Spring Construction company here and for eleven years prior to that connected with the United States Coast and Geodetic Survey.

The police have practically no clues upon which to work except that the child may have lost her way in returning to her home.

At the time of her disappearance Muriel was dressed in short black stockings, black slippers and a checked apron over a white dress. She had a white ribbon "Daisy" style and tied with a white ribbon.

## Letters Urge More Pay for Teachers

BERKELEY, July 11.—The city council received today a letter urging the campaign of the school teachers for an increase in wages at the meeting this morning. The letters were from the following persons and organizations: James K. Coffey, Dr. Stella Lahr, the Garfield Parent-Teachers' Association, Dr. A. B. Howe, Professor William S. Bode and Lloyd O. Long.

## Council Awards Teaming Contract

BERKELEY, July 11.—A contract was awarded today by the city council to the teaming company of John E. Davis, who was last week appointed a deputy in the office of the superintendent of streets at the instance of Councilman Schmidt.

The contract is for the teaming of the city street department's horse-drawn teams. The contract was awarded to the teaming company of John E. Davis, who was last week appointed a deputy in the office of the superintendent of streets at the instance of Councilman Schmidt.

## BERKELEY CITY OFFICIAL QUILTS

With virtually half of the party made up of residents of the Eastbay cities, members of the Sierra Club, 100 strong, will leave Oakland tonight for their annual outing into the high Sierra.

This year's camp will be pitched in Tuolumne Meadows, one of the most picturesque spots in the mountain region bordering Yosemite valley, with the tall peaks of Ritter, Lyell, Hoffman and other stately mountains rising on all sides.

At midnight tonight the party of outdoor enthusiasts will leave Oakland mole, traveling in special Pullmans to El Portal, gateway of Yosemite.

Temporary camp will be maintained for two days in Yosemite, in the vicinity of Mirror Lake, while bright and early Monday morning the party will start a two-day hike from the valley to the permanent camping spot, traveling over the famous "zig-zag" road of more than a hundred turns.

Thirteen miles will be traversed the first day with a stop that night at Lake Tenaya. From there the eight miles into the meadows will be completed the next morning. A group of neck animals carried by the members' belongings will accompany the party.

Mountain peaks, picturesque falls and other scenic spots will furnish inspiration for walks of the members. Camp will be maintained in the meadows for one month, with two two-weeks parties planned for the convenience of the members.

William E. Colby, well-known Berkeley attorney and member of the University of California faculty, the president of the Sierra Club, will be the official leader of the party.

PERSONNEL OF PARTY.  
Going with the club from the Eastbay cities are the following members of the party:

Berkeley—Lydia Attebury, Walter Burpee, Jean Booth, Avis Brown, Josephine Colby, T. H. DeSirella, Grace B. Dotts, Antonio de Grassi, Herbert M. Evans, Rose A. Glavinovich, Alice M. Glavinovich, Harriet Grover, Helene Harroth, Emma King, Mrs. Joan Luedemann, Frieda Luedemann, Mary Iva Mason, Mrs. Florence Leome, Homer Miller, Martin Leone, Charles A. Noble, Charles A. Noble, Gladys Partridge, Margaret Pollitzer, Hazel Roberts, Helen Shafter, Madge Woodman.

Oakland — Margaret Alltucker, Agnes Lhrenberg, S. A. Gray, Edith Morley, Katherine Yarrow, L. M. Alameda—Gertrude Brown, Lucille Hewitt, Ada Smith, George Thompson.

Piedmont—Edith Bridges.

Piedmont—Edith Bridges.

With virtually half of the party made up of residents of the Eastbay cities, members of the Sierra Club, 100 strong, will leave Oakland tonight for their annual outing into the high Sierra.

This year's camp will be pitched in Tuolumne Meadows, one of the most picturesque spots in the mountain region bordering Yosemite valley, with the tall peaks of Ritter, Lyell, Hoffman and other stately mountains rising on all sides.

At midnight tonight the party of outdoor enthusiasts will leave Oakland mole, traveling in special Pullmans to El Portal, gateway of Yosemite.

Temporary camp will be maintained for two days in Yosemite, in the vicinity of Mirror Lake, while bright and early Monday morning the party will start a two-day hike from the valley to the permanent camping spot, traveling over the famous "zig-zag" road of more than a hundred turns.

Thirteen miles will be traversed the first day with a stop that night at Lake Tenaya. From there the eight miles into the meadows will be completed the next morning. A group of neck animals carried by the members' belongings will accompany the party.

Mountain peaks, picturesque falls and other scenic spots will furnish inspiration for walks of the members. Camp will be maintained in the meadows for one month, with two two-weeks parties planned for the convenience of the members.

William E. Colby, well-known Berkeley attorney and member of the University of California faculty, the president of the Sierra Club, will be the official leader of the party.

PERSONNEL OF PARTY.  
Going with the club from the Eastbay cities are the following members of the party:

Berkeley—Lydia Attebury, Walter Burpee, Jean Booth, Avis Brown, Josephine Colby, T. H. DeSirella, Grace B. Dotts, Antonio de Grassi, Herbert M. Evans, Rose A. Glavinovich, Alice M. Glavinovich, Harriet Grover, Helene Harroth, Emma King, Mrs. Joan Luedemann, Frieda Luedemann, Mary Iva Mason, Mrs. Florence Leome, Homer Miller, Martin Leone, Charles A. Noble, Charles A. Noble, Gladys Partridge, Margaret Pollitzer, Hazel Roberts, Helen Shafter, Madge Woodman.

## ALIENATION SUIT DECLARED SPITE

ALAMEDA, July 11.—"Spit suit" is the way W. G. Hinton, fish broker, 1808 San Antonio avenue, characterizes the \$15,000 alienation proceedings brought against him in San Francisco yesterday by Emilio Bonfigli of San Francisco.

The complaint alleges that Hinton persuaded Bonfigli's wife to leave him and that he loomed money. The charges refer only to business relations between the pair.

Bonfigli's suit was brought as revenge because Hinton had sued him for \$2300 said to be due on notes given in payment for fish.

The fish broker said that he met Bonfigli's wife when she conducted her husband's fish market on Union street, San Francisco, but that about a year ago she left Bonfigli, alleging brutal treatment. He said he had heard nothing of her since.

Hinton's wife died last spring.

# DE VALERA IS CHEERED BY N. Y. THROG

ASSOCIATED PRESS.  
BASED WIRE TO TRIBUNE.  
NEW YORK, July 11.—An enormous crowd gathered tonight in a Madison Square Garden under the auspices of the Friends of Irish Freedom, at which De Valera, President of the Irish Republic, was the chief speaker.  
Twelve thousand men, women and children forced their way into the arden before the doors were closed under orders from Fire Chief Kennedy. Several cars were wrecked from automobiles in streets nearby.  
Inside the Garden buglers and life drum corps were scattered throughout the big hall. American flags and the green, white and orange of the "Irish Republic" floated side by side from the balconies.  
When Mr. de Valera was introduced wild cheering burst forth from the balconies and floor, members of the audience jumping to their feet and waving flags and hats vigorously. The ovation lasted fully fifteen minutes. The uproar was not outside and the cheering was taken up in the streets.  
**FIRST APPEARANCE IN N. Y.**  
It was Mr. de Valera's first public address in this city. Supreme Court Justice Daniel F. Cohan presided. With the Irish president walked Governor Edward F. Dunne, Illinois, Frank P. Walsh of Kansas City and Michael J. Ryan of Philadelphia, who recently returned from France after having, on behalf of Irish-Americans, attempted to obtain a hearing at the peace conference for delegates representing the "Irish Republic."  
Justice Cohan said the purpose of the meeting was threefold: to pay honor to the president of the Irish Republic, to welcome home a "Irish American commissioner," and to protest against the proposed League of Nations, which is only an attempt to fasten on the world what nothing more than an Anglo-American alliance.  
Bedlam loosed when Mr. de Valera, backed by standers-behind carrying a flag of the United States and "Irish Republic," advanced to the front of the platform to speak. "De Valera! De Valera!" thundered across the auditorium.  
**REPUBLIC'S RECOGNITION.**  
"What is New York's recognition of the Irish republic," said Mr. de Valera. "The fathers of the Irish republic were Orangemen, or rather Protestants," continued the speaker. "I have not forgotten that idea of this republic was founded the North and I am certain that if Ireland's interfering hand were taken away, the appearance of vision would disappear. And when mention of Belfast it will be news to me, to New York, to tell you that in that city there are more Irish nationalists than in Cork."  
"Irishmen want their country. It is theirs and lawfully theirs. Irishmen want their freedom; freedom to live their own lives in their own way, freedom to develop their own lives, freedom to press their own national individuality in government, trade, and education, freedom to raise their institutions in accord with their own genius, freedom to come out of the world and into the world, to share in its activities, to act and be acted upon and to contribute their own to human achievement."  
"And not least, freedom from the foreign rule spread by the organ of official propaganda of the English government in order to hide the true nature of their rule in Ireland, now dust in the eyes of the people and cover up the truth."  
**IRISH LEAGUE DENOUNCED.**  
Resolutions were adopted denouncing the League of Nations as a device to stifle the conscience of mankind by prohibiting any nation from taking action to efface routes perpetrated on peoples in subjection against their will in an alien government," and protesting against the league as "a scheme to fasten upon the United States the abortive task of maintaining the integrity of far-flung possessions of the great empires of the world," and demanding formal recognition of the "Irish Republic," the United States.  
**ROBBERY NEAR POLICE.**  
NEW YORK.—Working leisurely in two blocks of a police station, burglars packed \$50,000 worth of silks, walked through the door and "no exit" and drove off.

## TEACHER DEFENDS ACCUSED MAN NEWS OF THE STATE PRINCESS' MOTOR CAR IS SEIZED

NAPA, July 11.—At the trial of Principal De Veuve of St. Helena on a statutory charge the defense had its innings and witnesses contradicted those of the prosecution in many details.  
Mrs. Cassie Ives, vice-principal of the Grammar School, testified that De Veuve left her room, after instructing a class at 3 o'clock on the morning of May 5, and that year-old Walter McCann, telling her he was going to Turner Hall to look for some cymbals, and would return in 15 minutes, which he did.  
She said that De Veuve's office was open to teachers at all times. Janitor L. Beck testified that he was in and out of the office five times that day, who said to Justice W. J. Blake, Mrs. L. Clark, Engineer J. A. Mitchell, W. F. Burnham, Mr. and Mrs. Leroy McDonald, Mr. D. E. Osborne, the latter residing next door to the Grammar School, testified that De Veuve's reputation for morality was excellent up to May 5, 1919.

**NURSES BILL CAUSES TROUBLE FOR PRINCESS.**  
LAKEPORT, July 11.—Because she is alleged to have neglected to pay a bill for services of a nurse in Los Angeles, where she was ill, Mrs. Grace Shirley, Cherokee Indian Princess, who is touring the State of California with two big automobiles, was stopped here by the sheriff. Her motor cars were attached and the entourage of the Princess was halted. Mrs. Bessie Kelley, a Los Angeles nurse, asserts that the Princess had said to receive an income of \$80 a day from leased oil lands in Oklahoma, left the Southern California city and neglected to pay the sum due for the services of the complainant.

**THREE DEPARTMENTS FOR FARM CENTER.**  
SMARTSVILLE, July 11.—Activities of the Smartsville Farm Center will be increased by three new departments during the coming year, it was decided at a meeting here. The live stock improvement division will be under the supervision of Thomas Peckham and W. P. Walsh. Boys' and girls' clubs will be organized in the district by Mrs. J. M. McQuaid and Mrs. Foster Alderman, and dairy improvements will be handled by A. B. Sanford and S. M. Call.

**WIFE OF FARMER AGAIN QUITS HOME.**  
WOODLAND, July 11.—For the third time within recent years, Mrs. Manuel Machado, wife of one of Yolo county's largest land owners, has run away from her home at Glides Station, this time accompanied by her three children, aged 12, 10 and 8 years, respectively. Mrs. Machado left three weeks ago. A few days ago she was located in Phoenix, Arizona, where she has taken up residence with her children. Yesterday Probation Officer A. A. Powers, at the solicitation of Machado, accompanied him to Phoenix in the hope to effect a reconciliation and return of his wife and family to the old homestead and farm.

**ARK DWELLERS PLAN FIGHT TO HOLD HOMES.**  
SAN RAFAEL, July 11.—What promises to develop into one of the most bitterly fought legal battles in the history of Marin county appears in the filing of an answer to the suit of Louis Crepoux of Black Point to eject a number of ark dwellers from tide lands on Petaluma slough. The answer, in behalf of a number of the defendants, has been filed in the Superior court here by Trabucco & Lennon, attorneys representing the ark dwellers.  
The tide lands on which the arks are located have long been in dispute, those sections described by Crepoux in his suit being claimed by him as a part of his property. This claim is denied by the ark dwellers. More than 200 occupants of arks on the disputed lands are said to be involved in the result of the present action.

**ENDS OWN LIFE; LETTER ABUSES WIFE.**  
SACRAMENTO, July 11.—James Friel, a chauffeur, said to be from Brooklyn, N. Y., shot himself through the head in a vacant lot on the outskirts of Sacramento. In his clothing was found a letter, "cursing" it is said, the wife he married in Brooklyn a year ago. The letter mentioned another man.

**CHICO ORDERS POWER PLANT SURVEY WORK.**  
CHICO, July 11.—The city of Chico took a step toward the construction of its own power generating plant in Chico canyon, at a special meeting of the Board of Trustees. The Trustees instructed City Engineer Frank S. Robinson to make a preliminary survey of the cost of a power plant in the canyon capable of generating 3000 horsepower. Construction of two plants also will be considered.

**SHASTA BRIDGES ARE WEAKENED BY TRUCKS.**  
REDDING, July 11.—Auto trucks heavily laden are playing smash with some of Shasta county's bridges. The \$40,000 bridge across the Sacramento river a mile east of Anderson, has been rendered unsafe. The Supervisors have notified travelers by posters that they cross the structure at their own peril. Four of the stringers were broken recently by heavy loads of grain or lumber.

**BIG SUMS TO BE SPENT ON SCHOOLS.**  
SANTA ROSA, July 11.—Will C. Wood, State Superintendent of Public Instruction, in his annual report to the State Board of Education today predicts a boom in

ment made by Mayor Sherman A. Reynolds last night, in appointing a committee to pick out a site. Chico's 2300-acre park may be utilized for the purpose.

**TULARE HOG PRICES HIGH, SAY EXPERTS.**  
TULARE, July 11.—Tulare prices paid for hogs at the semi-monthly sale conducted by the Farm Bureau Marketing Association was \$1.50 per hundred more than the tops in San Francisco on the same date, according to D. H. Eitner, the bureau's sales manager. Eitner's report for the sale shows that four cars of butcher-weight pigs brought the ranchers \$11.160 net, with \$18.70 as the price for the prime, grain-fed pork. This is 60 cents above the best price paid this season and approximates the price paid for hogs on the same date in Kansas City. Wilson & Co. of San Francisco were the buyers.

**\$2700 IS PAID FOR REGISTERED BULL.**  
SACRAMENTO, July 11.—A Pacific coast record price for shorthorn cattle at public sale was broken here when William M. Carruthers of Live Oak, Sutter county, sold thirty-nine head of high class registered breeding beef animals at an average of \$820 a head.  
The highest price, \$2700, was paid for the big white bull, Halwood Villager by Village Flash, a son of the famous Villager.

**NEW MARKET SOUGHT FOR GRAPES IN STATE.**  
SACRAMENTO, July 11.—The State Board of Viticultural Commissioners, co-operating with State Market Director Harris Veinstock, has begun an investigation into the possibilities of developing foreign markets for California wine grapes.  
Edgar Sheehan, secretary of the commission, declares there is a possibility that brewing plants to be built in Japan and China may equip for the making of wine, using dried California grapes.

**NEW MARSHAL TO HAUNT EAST TOWNS.**  
TULARE, July 11.—All the old and forgotten laws on the Tulare statute books are to be enforced or repealed, says J. N. Allen, the newly appointed city marshal, who has just assumed office.

## STEERS CAR INTO FENCE; UNINJURED

Saving his machine from being wrecked and himself from serious injury, P. A. Russell, a contractor of Concord, Cal., veered into the safety fence on Tunnel road, between Claremont Hotel and the Tunnel, late last night.

A police report of the accident did not corroborate a rumor that several women were in the machine and were injured.

Russell was uninjured. His machine, a big Mitchell touring car, was slightly damaged.  
The driver made too wide a turn. He maneuvered his machine to prevent it from toppling over and veered into the safety fence.  
J. M. Meeker of Stockton prevented a serious accident in which several persons might have been injured, at 36th street and San Pablo avenue, but was painfully injured himself in an auto accident last night.

## "MEAN BURGLAR" STEALS ALL OF VICTIM'S GARB

A "mean" burglar stole all the clothes of J. A. Renyer, from his room at 716 Market street, during the night, Renyer reported to the police.

Renyer was forced to send out for new wearing apparel. The burglar also took some jewelry. A sum of money and a check was stolen by a room thief, G. Reugoni, 714 Broadway, reported.

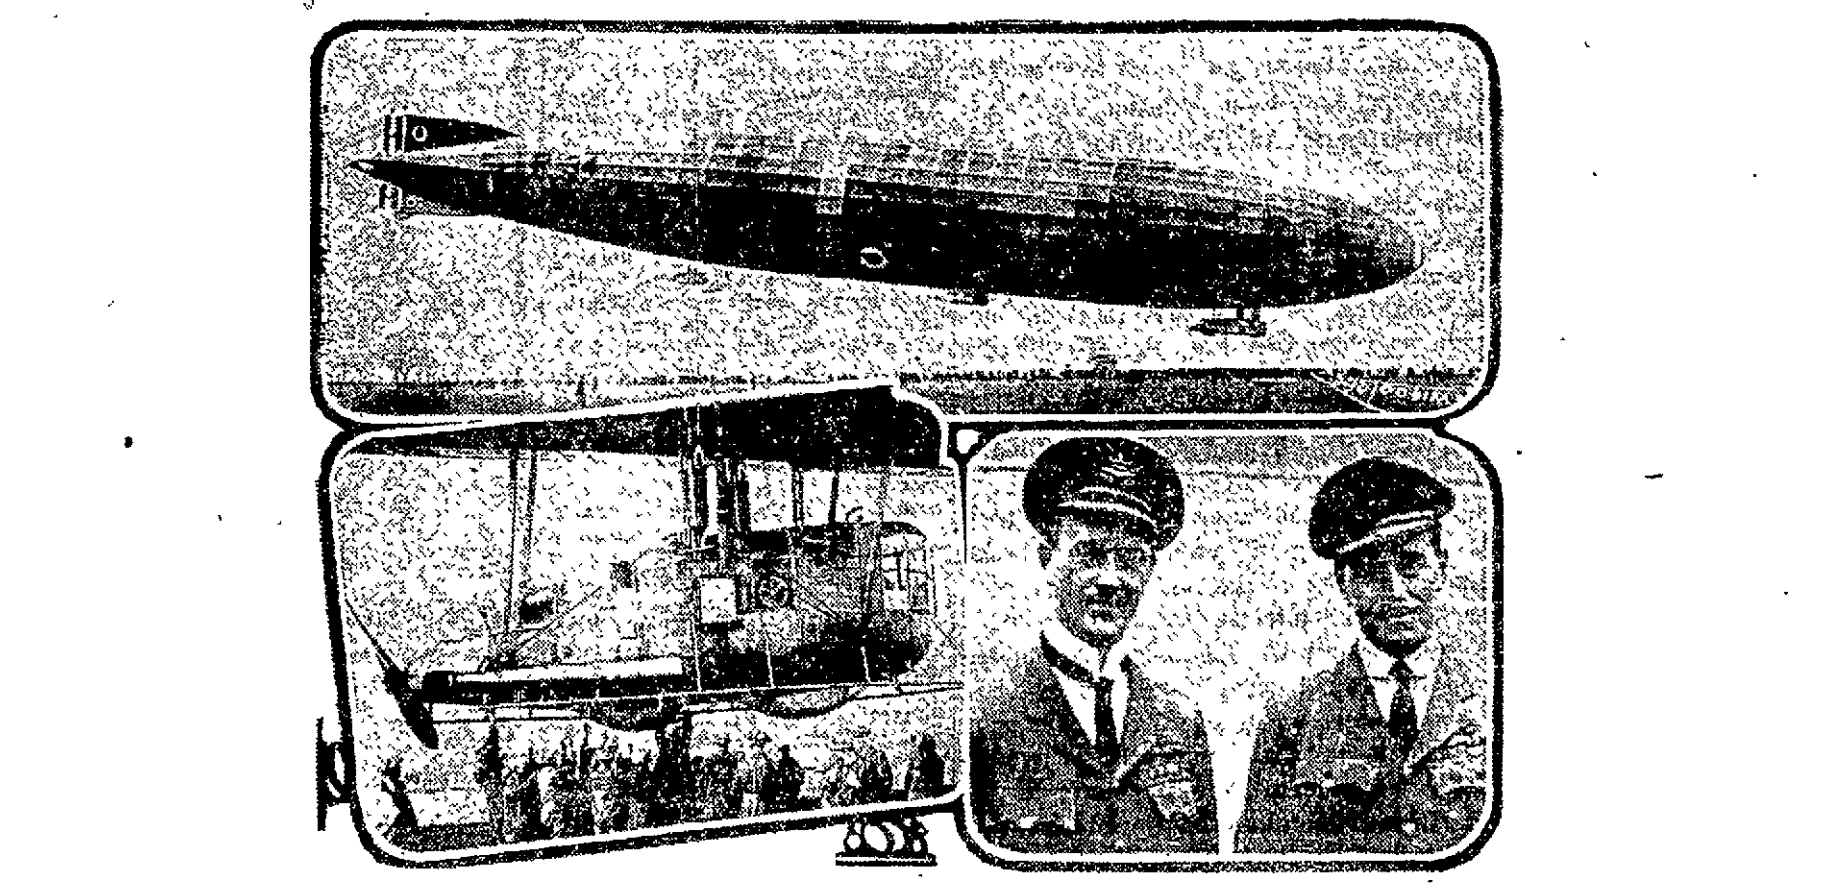

**BONUS FOR WEDDINGS.**  
CHICAGO, July 11.—A premium is placed on matrimony by S. W. Straus & Co., local bankers and brokers, who have announced a cash bonus plan for employees who acquire wives or heirs.

Meeker's car approached several persons boarding a street car. He could not stop, so veered off to the left of the car. His machine smashed head on with a street car from the opposite direction.  
At the Emergency hospital, Meeker was treated for lacerations on the scalp and face.

## DOCTORS SUED BY SAN JOSE COUPLE

SAN JOSE, July 11.—Charging improper and unskilled medical service, Paul Caputo and his wife, Mary Caputo, have filed suit for \$25,000 in the Superior court here, Drs. M. F. Hopkins and E. L. Porter being named as defendants.

It is charged in the complaint that during July, 1918, the two physicians were called to attend Mrs. Caputo and they performed an operation which was unnecessary by reason of improper diagnosis, and that relief was not given. It is claimed that it became necessary for Caputo to call in another physician and that he was put to an expense of \$500 as a result.  
The third physician called in was Dr. Ada Scott Conner Morton Lewis, who was recently married to the wrestler, "Strangler" Lewis.  
Dr. Hopkins and Dr. Porter, both declare that Mrs. Caputo was given the best of attention, and both say they never received any fee for the services given her.

# Adams California Fruit Gum Shares in the Conquest of the Air

The R-34 came to America with Adams California Fruit Gum as a necessary member of the crew.

It carried nothing that wasn't essential.

During this great voyage it gave the airmen courage, steadying the nerves of the new Columbuses

It did its duty in this triumphant struggle against the uncharted spaces just as it served valor and victory in every allied trench for five gruelling years.

And it served so well at a moment and in a place so totally unexpected for its use that the incident was set down in the log of the R-34.

The R-34 sails home with an increased supply of Adams California Fruit Chewing Gum.

The New York World July 9 says the supplies put aboard the R-34 for the return trip in addition to 5000 gallons of gasoline include 200 pounds of bread, 125 pounds of cooked meat, forty-five pounds of potatoes, thirty-six pounds of chocolate, six pounds of eat-some pound cake, jam and plenty of chewing gum--the gum takes the place in a measure of tobacco--the men are forbidden to smoke during the voyage.

The thinking man's, the fighting man's nerve ration.

## KERENSKY IS BLAMED FOR SLAV CHAOS

Responsibility for Russia's chaotic condition is placed on Kerevsky by Captain Montgomery Schuyler, United States army officer, who has just returned from Russia, where he was closely associated with the Kerevsky government at Omsk.

Lecturing before summer session students at the University of California, Captain Schuyler declared that it was the former premier's lack of discipline which led to the demoralization of the army. "Kerevsky started a whole people on a debauch of liberty which they interpreted as license," he declared. "Admiral Kolchak has been much criticised because of his role as military dictator," said the army officer. "It is true; that is what he is, but it is a matter of expediency. His primary object is to restore order and to do this he must be purged of Bolshevism. When that is accomplished Kolchak will resign his dic-

## Mother to Tell of Her Secret Romance In Effort to Save Son From Gallows

Defense of Slayer of  
Freda Lesser Is  
Prepared

MRS. LILY M. BURGER.

LOS ANGELES, July 11.—Revised and definite plans for the defense of Harry S. New, Jr., confessed slayer of his 20-year-old sweetheart, Freda Lesser, in Topanga canyon early Saturday morning, were announced today by Attorney John L. Richardson, when, after a lengthy consultation with Mrs. Lily M. Burger, mother of New, it was declared that a constitutional assembly would be elected and the people would lay the foundation of a permanent and respectable government.

"While we cannot Russia for her desertion from the allied cause at its critical moment, let us not forget our debt to her. For three years she kept millions of German and Austrian troops busy on a line reaching from the Baltic to the Black sea. Could these men have been used on the western front, the war would have doubtless ended differently from what it did."

Young Man Will Not  
Take Stand in  
Murder Trial

fight to save New from the gallows as follows:

First, New will not be a witness in his own defense at the preliminary hearing Monday or at the trial of the case.

WILL TELL OF SON'S LIFE.  
Second, Mrs. Burger will be called as a witness at the trial to tell the whole story of her son's life. She claims Senator New is the father of the prisoner.

Third, Miss Edna Clancy, New's half sister, will be a witness in his behalf to tell of his infatuation for the slain girl and describe the mental change he is said to have undergone since the tragedy.

"Under any conditions, New will not be placed on the witness stand to tell his version of the slaying," said Attorney Richardson. "We deem it highly inadvisable that he testify because we believe he is not normal mentally."

ROMANCE WITH SENATOR.  
When Mrs. Burger takes the witness stand she will be prepared to disclose the story of her romance with Senator Harry New of Indiana, some thirty-five years ago, and to testify that after they had lived together for sixteen years a son was born to them, and that this boy is the slayer.

"I will do everything that may be necessary to prove that my boy was innocent," she said.

## LICENSE TO TEACH LOST BY RADICAL

Ferdinand A. Varrelman, former San Francisco high school teacher, and well known on both sides of the bay during the pacifist agitation some time ago, can no longer serve as a school teacher, in this state, by action of the state board of education, in session at Santa Barbara, his certificate as a teacher has been canceled, on the charge that while at teacher he distributed I. W. W. literature to his pupils.

Varrelman, while a biology teacher at the Lowell High School, across the bay, was arrested in April, 1918, on a charge of having evaded the draft while a resident in the state of Washington. The arrest was made in his class room. At the time, it is charged, he informed the class that he was an I. W. W. and an anarchist and it is further charged that he had been distributing disloyal literature to students.

Varrelman pleaded guilty in the United States Court to the charge of evading the draft, but the action was dismissed in San Francisco by Federal Judge M. T. Dooling on the ground that jurisdiction lay in Washington and not California. The authorities in Washington did not prosecute, and Varrelman was released last January.

Charges of disloyalty were lodged against the teacher by the San Francisco Board of Education.

## TINY TRAMP MADE HAPPY WITH BATH

He was just "a little bit of a cuss," so fat that he was almost as tall laying down, as standing up, and he was sound asleep in the sun on a soft slab of sidewalk in West Oakland. Some people motoring by saw him and knew that he must have been run over by a train or something and so they rushed over and grabbed him and shook him. All he would say in response to their excited appeal was:

"Goo-ger-awh," and then he said, "Kerchoo."

So they knew that if he wasn't killed he at least had pneumonia, and so they whisked him away to the receiving hospital, where they put him on the operating table and Nurse Peggy Clark operated. When they stretched him out he said:

"SNEEZE HIS ONLY REPLY."

They tried in every language, including baby jargon and pig Latin, to get him to say something, but all he would say was:

"Gober-gober," and occasionally "Kerchoo."

He looked like he had been a tramp for 1000 years, so thoroughly was the dust of the ages ground into his skin, and so Peggy went and got a pan full of water and put him in it, and so Peggy went and got some gasoline and ammonia, and everything and scrubbed him.

When she got through with one foot he held it up and opened his eyes in wonder, because his feet were no longer mates. He was worried about it and deep concern expressed itself in his great brown eyes. Then he held up the old foot and said:

"Wigglydy."

PEGGY FINDS HIM.  
Peggy knew what that meant and so she washed the other foot to make them match again, and then she scrubbed him fore and aft and port and starboard side and took him off to bed. After a while he discovered he had been picked up by angels and taken away to baby heaven, and he rumped and played.

and laughed all afternoon and far into the night when his father, who had been racing all over town to find him, came and got him. His father said that the baby's name is Joe Ornellas, and that he lives at 341 Magnolia street.

## When downtown Saturday see this demonstration

Believing that women should have every modern mechanical help with their housework, the Breuner Company is specializing on electric washing machines, the labor-saving device most interesting to women just now.

A woman demonstrator spends her entire time showing how the different types of washing machines operate. Furthermore, she goes to the home and helps with the first washing, so that customers are sure to get the full benefit from their washers. See the demonstration tomorrow.

The Thor electric washing machine illustrated is a well-liked "home laundry." It is finished in white enamel, all the machinery is enclosed, and its cost for power is small. The Thor washes the finest things without tearing them because it works on the principle of the revolving drum. The tub is of metal, and in every way this rotary movement washer is very high grade. Sold on easy terms of

**\$15 down**

the balance in weekly or monthly payments, without interest.

If you prefer other styles of electric washers you'll find here the Johnson and the Maytag, both of them Dolly type machines. The Johnson has a copper or galvanized tub, and a gas burner beneath for boiling clothes while washing.

The Almetal washer—just received—also has a gas burner as well as an electric motor. It operates on the vacuum principle and is called the "household steam laundry."

Any of these washers, as well as electric mangles, are sold here on our usual easy credit terms.

## Fruit Cans---Special Saturday

### Just Folks

**DUTY**  
He shall be great who does his duty well,  
Though he may miss the shining light of fame,  
And few may live his praise in song or tale,  
And history may not record his name.  
He shall have much of which his soul may boast  
Who has not been a traitor to his post.

Great men have lived and died to fame unknown,  
Content always in humbleness and lowly;  
Seeking no commendation but their own;  
Judges themselves of duty carried out.  
These men were great by every mortal test  
Who found their joy in serving to their best.

The stamp of greatness is not flattery's seal  
Nor glory's luster nor the god of earth;  
The cloak of fame a blenheim may conceal,  
And he who does his duty, day by day,  
Needs care but little what his neighbors say.

He shall be great who does his duty well,  
Not from the world must come man's words of praise;  
The humblest is the one to tell  
How he has lived his little part of days.  
He knows himself, better than all the rest,  
Whether or not the world has had his best.

Writes FOLKS AND about THINGS

The little woman I know, and the little man I know, are not getting on well together.

The reason—so they say—is that the little woman I know wants to make some money for herself, and the little man I know won't let her do it.

There are no children at home, and there isn't a thing for the little woman to do except to do things. She has a good, competent maid, and all she has to do is to order the meals—and look pretty.

But of these things are very easy for her to do. She has a rather nice car, and she can run it herself, so she can go for picnics in the country, and go down to the office after him in the evening. But husband can't afford the automobile—just yet.

The little woman has a chance to do some work for a big establishment down town. It's work she does well indeed, and she would be paid \$300 a month for doing it.

With that \$300 a month put away she can buy a little cheap machine, and even a car for the machine, too, and she doesn't see why she shouldn't do it.

She loves the work, she understands it, and she is needed to do it. It won't hurt her away from her husband or from any duty of her own. It's a single minute—it isn't hard, it's easy, and she doesn't see why she shouldn't do it.

Lushness won't let her argue. He just says "You shan't," and that's the end of it as far as he goes. And the little woman I know says it isn't the end of it as far as she goes. It's just beginning.

She's going down town next Monday and take the job. And if husband doesn't like it he knows what he can do.

Husband won't say a word, but I believe that when the little woman I know comes home from the office she'll find the door locked and husband gone.

What will she do then, I wonder? Go into hysterics, get a locksmith to open the door for her, eat a perfectly good dinner, and go to bed for a perfectly good sleep? Or will she send messengers out after husband, and promise she'll be good, it'll only come back home again?

I don't know. I can't even guess. The little woman I know is very modern indeed, and the little man I know is married is not modern at all, and you never can tell what's going to happen in a match like that.

But I am sure that the little man I know, who is a good little man, honest, faithful, ambitious, stubborn, contented, calm—ah, that's just it!

It isn't his care for his wife that makes him determined to keep her at home. It's his vanity. He doesn't want other men to say that he couldn't afford to buy his wife an automobile, so she went out and bought one for herself.

And what's more, perhaps if he bought the automobile for herself, she'd buy other things, and that would mean keeping on in business, and that would mean no children, and "wages" on a real scale. A man who knows what it would or wouldn't mean?

But of these things are very easy for her to do. She has a rather nice car, and she can run it herself, so she can go for picnics in the country, and go down to the office after him in the evening. But husband can't afford the automobile—just yet.

The little woman has a chance to do some work for a big establishment down town. It's work she does well indeed, and she would be paid \$300 a month for doing it.

With that \$300 a month put away she can buy a little cheap machine, and even a car for the machine, too, and she doesn't see why she shouldn't do it.

She loves the work, she understands it, and she is needed to do it. It won't hurt her away from her husband or from any duty of her own. It's a single minute—it isn't hard, it's easy, and she doesn't see why she shouldn't do it.

Lushness won't let her argue. He just says "You shan't," and that's the end of it as far as he goes. And the little woman I know says it isn't the end of it as far as she goes. It's just beginning.

She's going down town next Monday and take the job. And if husband doesn't like it he knows what he can do.

Husband won't say a word, but I believe that when the little woman I know comes home from the office she'll find the door locked and husband gone.

What will she do then, I wonder? Go into hysterics, get a locksmith to open the door for her, eat a perfectly good dinner, and go to bed for a perfectly good sleep? Or will she send messengers out after husband, and promise she'll be good, it'll only come back home again?

I don't know. I can't even guess. The little woman I know is very modern indeed, and the little man I know is married is not modern at all, and you never can tell what's going to happen in a match like that.

But I am sure that the little man I know, who is a good little man, honest, faithful, ambitious, stubborn, contented, calm—ah, that's just it!

It isn't his care for his wife that makes him determined to keep her at home. It's his vanity. He doesn't want other men to say that he couldn't afford to buy his wife an automobile, so she went out and bought one for herself.

And what's more, perhaps if he bought the automobile for herself, she'd buy other things, and that would mean keeping on in business, and that would mean no children, and "wages" on a real scale. A man who knows what it would or wouldn't mean?

Writes FOLKS AND about THINGS

The little woman I know, and the little man I know, are not getting on well together.

The reason—so they say—is that the little woman I know wants to make some money for herself, and the little man I know won't let her do it.

There are no children at home, and there isn't a thing for the little woman to do except to do things. She has a good, competent maid, and all she has to do is to order the meals—and look pretty.

But of these things are very easy for her to do. She has a rather nice car, and she can run it herself, so she can go for picnics in the country, and go down to the office after him in the evening. But husband can't afford the automobile—just yet.

The little woman has a chance to do some work for a big establishment down town. It's work she does well indeed, and she would be paid \$300 a month for doing it.

With that \$300 a month put away she can buy a little cheap machine, and even a car for the machine, too, and she doesn't see why she shouldn't do it.

This BUNDLE HABIT is fierce on PERSONAL DIGNITY but it certainly does give one a nice RELATED FEELING to the rest of the world.

Good Evening, Fellow Sufferers:

I'm going to write about BUNDLES. I'm going to speak with boldness and feeling about the 47½ bundles that it is my pleasing habit to fasten upon myself whenever I really frolic. Now, if there's one thing in this world that I'm less confident than anything else it's a BUNDLE. Daily I arise with a resolve that the coming twenty-four hours shall see me spriding along easily, freely, gloriously unencumbered. But let me step a foot outside the house and I collect bundles like a yellow dog collects buns. I don't know where they come from and I don't know where they go, but I know they're there. I have a block there I am—little Elsie, the human transfer company.

If they were ordinary, near, respectable bundles like jewelry boxes, or shoe boxes or even a few trunks and kitchen tables I wouldn't mind. Such things are unmanageable to reason. But that isn't the kind of a bundle I get—never. For instance, I ALWAYS manage to secure at least one Turkish rug, and there AREN'T NOTHING that can represent a rug's enthusiastic outburst of love. I've had every sort of knot and hitch thrown to me by a Boy Scout or a cowboy, but every one of them comes untied. A rug by its nature is a free and unconventional animal and it won't recognize restrictions even when rosy in death. So that's one bundle that comes open right to begin with.

Then there's sugar. Theoretically sugar is a docile domestic pet. But I never knew a theory to work out yet. You buy it enclosed in three layers of paper, and you're warned when you pay for the sugar. That would seem to be a sufficient protection against the most Bolshevik temptations—but not at all. Sugar, like love, can always find a way. The consequence is that you leave a trail behind you that looks as if you were playing at "hare and hounds." Those tales of Elsie, Reeves, that the wicked husband and the erring wife by the brand of their cigarette ashes and the way they cut their nails—those tales leave me cold and unmoved. Why get up to all that trouble when you can so easily trace any married person, who isn't in the limousine set, by the remains of a four-bit bag of sugar?

Also there's clothes hangers, my

paper, loose macaroni, geranium slips, lemon pies, egg beaters, and those bags of large, wet plums. I don't know why I collect these things. I never plan the geranium slips. I never am able to use the fly paper—by the time I get it home it has absolutely lost its clinging nature. The plums invariably fall out of the bottom of the bag—the lemon pies spread themselves over my whole landscape. I could choose varieties of plums and pies that are made for transportation—I could be satisfied with the clothes hangers. I already possess without buying a half dozen more every time I see a bargain in the five and ten cent stores. But I never do or am let me once come within the deadly bundle zone and I gather in the wildest and fiercest of the species.

So I'm at last becoming sort of reformed. I'm incurable. It's either hereditary or my tonsils—they're to blame for everything nowadays, you know. Though faulty tooth filling are beginning to crowd hereditarily second hand. At any rate, I expect to stagger in late at the judgment day with a crab tangled up in a file of lamp shade and the sugar bag collapsing into the package of sliced salami. But after all, I don't mind. Most every one else is the same way. And, do you know, it gives one a sort of a nice related feeling to peer around the third story of your building and see a fellow sufferer also in the throes of a leaky sugar bag? It makes you feel that it's all in the family, as it were. And at any rate, it's a hell of a world and I'm strong for it—aren't you?

WHAT WOULD YOU DO IF YOU HAD TO RUN ANOTHER MAN'S BUSINESS?

TRY RUNNING A GROCERY STORE OR GROCETTER

Here's a chance to "experiment" with a business and get paid for it.

Assume you're suddenly made owner of a grocery or grocetter. It's up to you to make it pay—if you can. Maybe you'll go broke. Maybe you'll make it a big business success. It all depends on whether you have "EARS!"

These ideas may be valuable to others—so THE TRIBUNE is after these ideas.

Write THE TRIBUNE a letter of not more than 150 words, telling what YOU would do if you had a grocery store, what reforms you would put into effect; what buying and selling methods you would introduce; what changes you would suggest.

All letters in this contest must be in THE TRIBUNE office by 9 a. m. next Saturday. THE TRIBUNE will award valuable prizes for the best letters received. Letters to be two 53.00 grocery orders from California Groceteria, 1418 San Pablo, and Key Grocery Co., Fifth and Washington streets.

Winners' names and addresses will be printed one week from next Sunday.

Write on one side of the paper only. Address all letters to: BUSINESS IDEA DEPARTMENT, TRIBUNE, OAKLAND, CAL.

Days are all the same—in their 24-hour length and general good will—but humans are all different on different days.

Sometimes our work slips along on a greased track for quite a stretch, and then we strike the bogs and the hummocks. Try as we may we're below the mark and pummel ourselves and wonder what's the matter.

We haven't sacrificed our ideals, we're perfectly willing to work, but the gas is low in the tank or the carburetor has sleeping sickness.

No one is exempt from this sort of thing.

Some days the preacher can't preach and his hearers doze and don't hear; the pitcher can't pitch and is "chased to the shower;" and the painter can't paint, the colors blur on his palette—he started out to paint a sunset and he couldn't paint a yellow dog. Even our well-intentioned prayers sometimes seem not to ascend.

What's the matter, Jimmy-old-boy, what's the matter?

Mostly it's because we're tired or have temporarily gone stale. Nothing is radically wrong with us, nothing that will not pass. We're the same good old plodders but our feet have got tangled in strings of weariness.

The thing to do right then and there is to quit and whistle and do something else, something entirely different—read a sprightly book, listen to the talking-machine, punch the bag or go fishing.

Sometimes, of course, you can't. You've got to keep right on with the task, feelings or no feelings, and do the best you can. This gives you a chance to be a hero. Many a liberty battle was won in France by tuckered-out doughboys who staggered as they charged!

### REVELATIONS of a WIFE

ADELE GARRISON

(Continued from Yesterday.)

Katie came up the stairs with what she fondly imagined to be a stealthy tread, but which was only a few degrees less subdued than her usual noisy entrances and exits. Her knock upon my door, however, was scarcely audible, and with the evident intention of making her advent as dramatic as possible she sent an uncanny imitation of a whisper through the key-hole.

"Misses Graham, please open door quick, let nobody hear."

I obeyed her admonition, hoping fervently that Cousin Agatha was asleep. I knew that if she were awake, I was in a bad way. I was not from investigating the reason for Katie's unusual caution.

It was late in the afternoon, and Dicky had not yet returned from the long walk he had taken after his memorable talk beside "our" brook. Because my thoughts were full of him, my first feeling was one of fear that something had happened to him. But Katie's report alarmed me. I must find out at once what had happened to the poor old chap when I had sent in pursuit of the spy disguised in a black coat and hat. Dicky was away, for I knew it he once scented the trail of my secret service activities under Lillian. He would ferret out the whole story of my escapades, and I was sure to be caught. But I cast a regretful sigh after the strength and discretion of Jim, Katie's husband. Jim was not only a tower of strength in an emergency, but he was a most successful employer's home was sacred, not to be repeated.

In a training camp, one of the first soldiers to enlist in his country's service. Whatever emergency there was on hand must be faced with only Katie's aid. I snatched up my suitcase, packed my "first aid" things, for although I had not yet taken the course, I really knew a number of things about emergency treatment and kept fresh supplies constantly on hand. Using Katie to follow, I went out of my room, locking my door behind me. As we went silently down the stairs I got into a bit of a panic, completely forgetting my own room, his eyes closed, his pallor most noticeable.

His coat, which he had wrapped around his head, was soaked in places with blood. He was lying on his side, his dog Pete lay looking up at his master pitifully.

I thought the poor old chap had fainted, but he opened his eyes at our entrance, and he looked at me to rise. But with a swift movement forward I was able to forestall him. I put him back on his pillow gently, and I saw that he would assuredly have awoken if he had succeeded in standing upright.

"I must—tell—ye—Miss' Grammie," he began weakly.

"What's the matter, William," I replied firmly, "until I have seen how badly you're hurt. Then I'll listen gladly. Here, drink this."

To Be Continued.

# Harness Races At Local Track Next Sunday

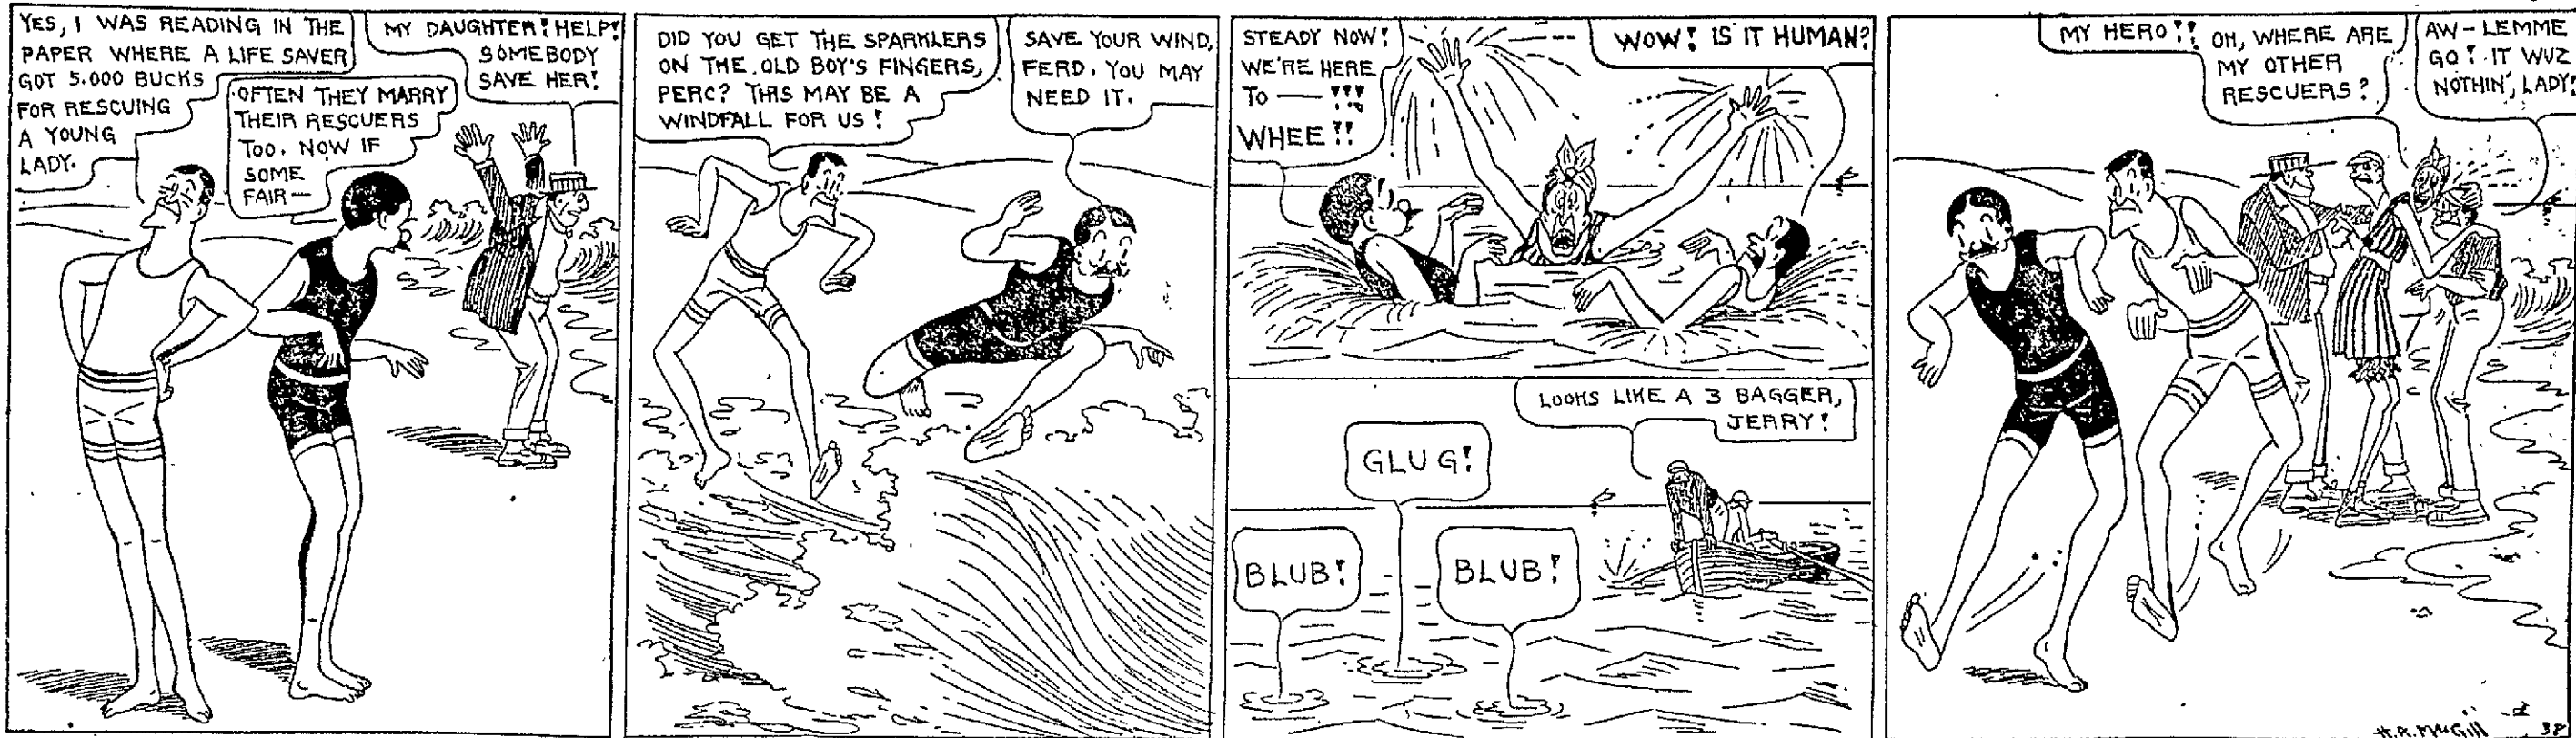

Three Events to Feature the Season's Opening at West Oakland

The driving horse owners of the Eastbay district have reorganized and announced their first meet for Sunday afternoon next on the Bay View track at West Oakland. During the war this organization was very active, but a meeting was held during the week at the office of the treasurer of the organization, Arthur A. Smith, 1010 Broadway, to decide whether to continue with the old officers, G. C. Schreiber, president, and Arthur A. Smith, secretary, or to elect new ones. The headquarters will be at the office of Arthur for the present. The organization has kept up the old West Oakland track, and they have spent quite a little money out of the treasury of the club for the purpose of having some place where driving horses can be developed and raced. There will be three races on Sunday afternoon which the public is invited, admission being free.

The club has chosen a new name distinctive of its desire to promote and establish a stadium somewhere in the city, the municipal auditorium where track events for both men and animals can be held.

### BASEBALL GOSSIP

Owing to the schedule of the San Francisco Bankers' League, the Crocker National Bank baseball team will be unable to play the Oakland Bank of Savings Saturday as was announced Tuesday.

But Walter Von Mandersheim, was on the job and managed to get a game with the Great Western Power team. Walter will send his best team onto the field, and will send Joe Hunter to the mound to try and make it a close game for the season. Hunter has been offered many tempting propositions of late and if he makes good against the power boys he will be swamped with proposals to play Sunday ball, but Hunter is a married man and likes to make out over the dipper trail on Saturday night with the better 9-10 of the family, and to date it has been mighty hard to coax him away from the home.

The following men will be in an O. B. uniform: Harry Jacobson, catcher; Arthur Markham, catcher; Walt Ellis, first; Tom Watson, second; Goldenson, short; Dunham, third; left fielder; center fielder; right fielder; pitcher; and utility. Von Mandersheim, Joe Hunter, pitcher.

The game starts promptly at 3:30 p. m. at Bushrod playground, Saturday, July 12, 1919. A good crowd is expected to be on hand to root for both sides, and Lynne Stanley will umpire.

### Twilight League at Richmond Is Drawing Big Crowds

RICHMOND, July 11.—With several ex-professional baseball stars in their lineups, the eight teams of the Twilight league of Richmond, composed of players from the Standard Oil refinery works just outside the city, are due a little watching. Interest in the oil teams is growing stronger daily and each time that a game is played the attendance is overflowing.

For the past few weeks the oil teams have been engaged in a series of games on the Richmond ball field. One of the most popular players that has been in the league is a former professional player, who has been in the league since it was first organized. ### ABSCONDER WITH LOOT CAPTURED

SAN FRANCISCO, July 11.—Carlos C. Garcia, "the man with the green eyes," said to be a lieutenant colonel in Carranza's army, arrested here yesterday on a charge of stealing \$50,000 from the Mexican government, may be sent back to the southern republic to face a firing squad, it became known here today.

Garcia's bold coup in absconding with the money which came into his possession as an officer in the Mexican transportation department was followed by a spending spree. It is alleged, that was halted suddenly by the police. The money was found in the San Francisco police force, and Harry Lubbock of Burns' agency.

When Garcia disappeared with the money, the Mexican government sent word broadcast. "He has green eyes—cat's eyes—you can't mistake him. No one else has eyes like that," was the description received by the detectives.

After several days' waiting, the detectives were attracted by the green eyes of Garcia when he entered the Anglo-London-Paris bank yesterday and deposited \$25,000 in the name of Enrique Lagunas. He was arrested at the Larue hotel. A search of his trunk revealed \$5000 and the police are looking for an alleged accomplice said to possess more of the loot.

The officers said that Garcia has confessed, declaring that he was tempted by an acquaintance, who pictured the food times that would be his with the money he could steal from the Mexican government. He got the money from the custom house at Nogales and loaded it into the automobile of the acquaintance, Francisco Carrasco, according to the story told the police.

### FREE CLASSES TO STUDY DRAMATICS

Self-expression is the aim of free classes in educational dramas that will be held this summer at the public playgrounds under the direction of the Oakland Recreation department. The following schedule is announced:

Monday, 2 p. m.—Tompkins school.  
Tuesday, 2 p. m.—Mosswood playground.  
Wednesday, 2 p. m.—De Fremery playground.  
Thursday, 2 p. m.—Busby playground.  
Friday, 7:30 p. m.—Golden Gate playground.

Every boy and girl is eligible. The department officials say it is not the purpose to develop star performers but to help the children express themselves and to teach them history through dramatization of famous events.

Mrs. Emilie Hollingworth will conduct the classes. She has had previous experience in this work and at present is in charge of dramatic and oral expression classes at Miss Horton's school.

At the end of the summer the classes will meet at Mosswood park in a public exhibition.

Oakland playgrounds are now open for the summer season from 9 a. m. to 9 p. m. each day. All baseball diamonds, handball courts, basketball, volleyball and tennis courts are at the disposal of the public.

C. J. Glenn has taken up his duties as assistant superintendent of recreation. He was formerly director of physical education in Los Angeles high school and director of army athletic work at Camp Kearney and several large camps in the Hawaiian Islands. He will conduct the baseball league and track meets for the city.

### Man, 82, Stranded Accuses Trainman

ST. PAUL, Minn., July 11.—Aaron Climby, aged 82, who lives on a ranch near Whatcom, Wash., started home a few days ago from Seattle, where he had been visiting a brother. He boarded a Great Northern train without a ticket and the conductor, he said, took all his money and put him off when his train reached St. Paul. Police authorities are communicating with his family.

### Victory Buttons Are Ready for Veterans

### Hogan Says Williams Is Adept Falsifier

WASHINGTON, July 11.—Renewing his attack upon the fitness of John Skelton Williams to succeed himself as Comptroller of the Currency, Frank J. Hogan, of counsel of the Riggs National Bank of Washington, asserted before the Senate banking and currency committee that Williams was "an adept in the most dangerous form of falsification, the telling of half truths."

Hogan said he would show that the Comptroller had carried his personal animosity against officials of the bank to the extent of issuing an official statement charging them with having borrowed more

# MILLIONAIRE'S SON JAILED ON FRAUD CHARGE

## Airmen Ordered Not to Land in Forest

ROCKWELL FIELD, Cal., July 11.—Objections made by ranchers at Warner Hot Springs, San Diego county, who feared that cattle would be killed or frightened by the airplanes, has caused Lieutenant-Colonel A. J. Hanlon, commandant at Rockwell Field, to issue orders to have no more landings made in the Cleveland National Forest by the aerial fire patrol. Instead, the airmen will rise from the field, circle north to Cleveland Forest, and then fly to March Field, Riverside.

# New's Mother Is to Tell Her Secret Romance Confessed Slayer of Sweetheart Will Not Testify

(Continued From Page 15)

Irresponsible at the time he committed this act," said Mrs. Burger. "Why do you now think Harry shot Freda?" she was asked.

"He was insane; there can't be any question of that. Harry has been a good son to me, the best boy in the world. He has always confided in me everything, since he was a child. He hasn't had much to do with women; I have been his sweetheart. He had a great reverence for womanhood."

**MEET WOMAN IN RIVERSIDE.**  
Deputy District Attorney Asa Keyes is proceeding with the accumulation of evidence to be used in the prosecution of the murder charge against New. Detectives have learned that New visited Riverside last February and met a young woman, believed to have been Miss Lesser, there. The purpose of this Riverside visit was not disclosed.

Justice Hinshaw has announced that he has obtained the use of Judge Wood's courtroom, department seven, for the preliminary hearing of the New case next Monday morning. Hinshaw changed her son at the county jail yesterday because of the huge crowd expected to attend the hearing.

Richardson said today that whether or not any defense witnesses would be called at the preliminary hearing depended upon the evidence presented by the prosecution. He declined to name other possible witnesses for the defense.

New was in much better spirits today. His meeting with his mother resulted in a quick change in his manner. He laughed frequently and seemed very cheerful.

Mrs. Burger today declared that she will not ask Senator New for financial aid. She claimed "Los Angeles friends" have come to her assistance. However, money has come from some source for the employment of several additional assistants to prove New was of unsound mind when he shot Freda Lesser.

and the defense is pushing forward as if plenty of money was available. Dr. E. A. Wagner was the first physician employed as an alienist and the names of several others will be announced shortly, it was said today.

**FORGETS HIS CHILDHOOD.**  
Following her visit to her son in the county jail late yesterday, Mrs. Burger said today that she was more than ever convinced that her son's mind snapped at the early morning hour when Freda Lesser was shot. She said the tragedy had blotted from his mind many childhood memories. This mental vagueness, clouded brain and, particularly, lapse of memory, will be used as of supreme importance in the defense of New, it was indicated.

But to persons who knew New only since he drove to the police station with the body of Freda Lesser and gave himself up for murder, his change, instead of being for the worse, is almost a transformation. He is like a boy again, with a sort of gleefulness about his joy since the arrival of his mother.

During the half-hour visit with her son at the county jail yesterday, Mrs. Burger did not mention the death of Freda Lesser. Only Miss Edna Clancy, New's half-sister, and Attorney Richardson were at this conference after the first greeting of mother and son alone, but Mrs. Burger declared she did not mention Freda Lesser and neither did her son.

**SAYS HE LOVED CHILDREN.**  
"I know that my son and Freda Lesser worked at the same place," said Mrs. Burger today. "I don't believe she was at my home more than once or twice. Harry cared little for social life or for girls. He always called me his 'sweetheart.' His friendship with Miss Lesser must have grown rapidly while I was away. Harry spent most of his evenings with me and took me to the moving picture shows and to visit friends."

"Harry was always of a happy nature. He loved a home and he loved children. He was a good boy. He never gave me any trouble of any kind. He never hurt anybody or anything. He is not guilty of this murder. He could not be. He knows I am here to stand by him."

**MRS. LESSER IMPROVING.**  
Mrs. Alice Lesser, mother of the victim, who was expected to be an important witness at the trial and who is in a critical condition at her home, was reported slightly improved today.

While plans were being made for the defense, detectives assisting the district attorney's office visited the scene of the canyon tragedy in an effort to locate a rancher who, they were informed by a telephone call, had witnessed the shooting. They failed in their quest, they declared on returning.

Newspaper men were admitted to the commodious room New temporarily occupies in the jail building. His mother was sitting on his lap stroking his face. His delight was irrepressible. There was a sort of gleefulness about his joy.

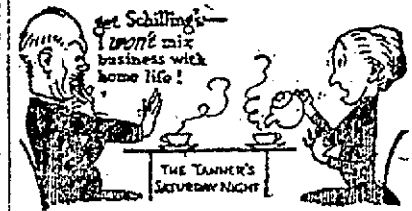

The big blue eyes of the mother searched his face with concern and questioning in the face. They did not speak of the shooting. From the moment she entered the room, to find him behind the heavy steel gate, trembling with eagerness to be in her arms until she left, there was no word of the tragedy.

There was a long embrace and words of love, but none of pity. It was "my dear boy," and not "my poor boy."

The mother is wise and self-controlled. She had this meeting happen in the brighter way. Some tears rolled down New's cheeks, but Mrs. Burger wiped them away with her handkerchief, and with his head on her breast, cooed such comfort to him that he was soon in almost ebullient spirits.

## Left Fortune, He'll Stay Behind Counter

VENICE, July 11.—I'll keep on squirting soda water. I'll take my meals at the same boarding house. This was the answer today of Ingram Williams, 24-year-old soda clerk, when he received word he had fallen heir to \$100,000 left him by an uncle, Thomas Nelson Williams, of Boynton, Va.

Common tea in the cup has very little tea-flavor, and a lot of tannin. Fine tea has a lot of tea-flavor, and almost no tannin.

When you use common tea, you can't get enough tea-flavor before the tannin comes along and smothers it, unless you use altogether too much tea.

With fine tea it's just the other way. There's a lot of tea-flavor—you get all you want from a very small quantity before the tannin begins to draw.

That's why fine tea, like Schilling Tea, is more economical than common tea.

There are four flavors of Schilling Tea—Japan, Ceylon—India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

## Adelphians Favor Higher Teachers' Pay

ALAMEDA, July 11.—The Adelphian club, the chief women's club of Alameda and one of the best known clubs of women on the Pacific coast, has endorsed the efforts of the teachers of Alameda county to gain a raise of pay. At a called meeting held yesterday the club members voted that it was the sense of the club that the board of directors ratify the proposed increase of pay asked, and that the matter be submitted at the next regular meeting of the club. This action places the club on record as lending its support to the teachers' campaign, but the fact that the action was taken at a called meeting prevented the immediate signing of petitions to the Alameda city council and the board of supervisors.

## The Best Method of Canning California Sardines

It's the way Santa Cruz Brand Sardines are prepared and packed that explains their superior flavor. It's the manner of cooking that enhances the delightfully delicious sardine flavor.

It's the method of canning we use that secures a food at once appetizing and digestible, a food that appeals to the appetite of young and old.

And the method of preparation that makes Santa Cruz Brand Sardines better sardines is

## The "Reimer's Method"

The "Reimer's Method," brought to this country from the finest cannery of Norway, steam cooks the fish instead of frying in cottonseed oil. After the fish are cleaned they are placed in tins and inverted over a wire screen—open side down.

Superheated steam is then applied under high pressure. This process cooks the sardines—and because oils are not used, it leaves only the characteristic sardine flavor. And, further, the high heat insures thorough cleanliness and sterilization of the packing tins.

Then is added one of the delightful dressings so relished by every one—Tomato Sauce, Spice, Mustard or else these sardines are packed Au Naturel.

You will surely like sardines prepared in this way. You will like Santa Cruz Sardines for a bedtime sandwich, for emergency luncheon, for a hot-weather meal (they need no cooking), and you will certainly put a can or two in your lunch basket for that Sunday or holiday outing.

Buy Santa Cruz Sardines of your grocer. Look for the name on the large oval tin—enough for a family of four.

**John D. Extravagant; Gives Away Nickels**  
GREENFIELD, Mass., July 11.—John D. Rockefeller grew reckless when he took a whole handful of nickels and distributed them to the boys of the town as he was leaving his hotel on his way to Seal Harbor, Me., where he will spend the summer.

Only one nickel was given each boy, however, by the oil king. The Rockefeller, father and son, and a party of sixteen arrived here last night from Lenox in automobiles.

**Living Cost Blamed On Wage Increases**  
PARIS, July 11.—Emmanuel Brousse and Andre Lefevre, prominent members of the chamber of deputies declared in the chamber that the steady increase in the cost of living was largely due to continual increases in wages. M. Brousse accused Albert Thomas of starting prices upward by paying workmen in the arsenal at Roanne excessive wages at the time he was minister of munitions.

M. Thomas admitted that increasing wages was not the solution of the high cost of living and said that when he added ten per cent to the wages of the arsenal workmen the tradesmen immediately added the same amount to their prices.

Railway appeared before Railroad Commissioner Frank R. Devlin today with an application for authority to increase passenger fares between Oakland and San Francisco and Sacramento. The increase in fares was according to the company, because of the increase in cost of operation and the revenue is insufficient to meet the operating expenses and a reasonable return upon the investment. The case was taken under submission by Commissioner Devlin.

The company argued that the increased fares asked are mainly for rents competitive with the United States Railroad Administration and are in all except a few instances the same and in no case higher. An increase from \$2.50 to \$2.70, between San Francisco and Sacramento, and a 10-cent increase of the present \$1.35 rate between Oakland and San Francisco, and Sacramento, and a 10-cent increase of the present \$1.35 rate between Oakland and San Francisco with a round-trip rate of \$3.25 increased to \$3.60 between San Francisco and Sacramento are the primary points made in today's application.

WEST LEADS  
IN AVERTING  
ACCIDENTSCharlie Chaplin's  
Baby Dies Three  
Days After Birth

LOS ANGELES, July 11.—While thousands laughed at Charlie Chaplin's antics on the movie screen today, the king of mirth was bitterly mourning the death of his first-born son—the babe born to Chaplin and his wife, Mildred Harris Chaplin. Death came to the child which was hailed as the heir to filmdom's throne of laughter, seventy-two hours after birth.

Chaplin had been told by physicians the child could not live and for the last forty-eight hours of the babe's life the famous comedian never left the nursery. The mother was kept in ignorance of approaching death until last night.

FIVE KILLED  
BY STORM IN  
PENNSYLVANIA

PITTSBURGH, July 11.—Five persons were dead today, a dozen others missing and more than two score injured as the result of a severe electrical storm, accompanied by high wind and a cloudburst, which swept this section of the state late yesterday.

Property damage will run into many thousands of dollars.

3500 Californians Dry Law Exempts  
Druggists and Doctors Are Immune  
New Prescription Rules Announced

Thirty-five hundred persons in California are to be exempted from the law prohibiting the dispensing of liquor, but they are to be so hedged about with iron-bound provisions that the privilege will permit them no illicit gain. They are the physicians and druggists of the state, and the conditions under which they prescribe or sell wines and liquors for medical purposes have just been set to them.

Whoever circumvents the purpose of the prohibition laws under these provisions will be a mighty crafty man, in the opinion of John P. Flynn, acting collector of internal revenue in this district. So minute and detailed are the arrangements under which such sales are made that there is no escape through them for the thirsty citizen seeking his beverage on the sly.

WINE'S POTENCY GONE. Ever since the dry laws became prominent the prevention of physicians and druggists being employed to circumvent them has been before the government. The man who could ask over the drug store counter for a glass of soda, wink his left eye and get something stronger instead has been before the officials' eyes. They are going to make the law so tight he won't have a chance at all.

Under the regulations just promulgated physicians may prescribe wines and liquors for internal use, or alcohol for external uses, but in every such case each prescription shall be in duplicate, and both copies

be signed in the physician's hand, clearly the name and address of a single patient at a given time shall not exceed one quart. In no case shall a physician prescribe alcoholic liquors unless the patient is under his constant personal supervision.

DETAILED INFORMATION. All prescriptions shall indicate clearly the name and address of the patient, including street and apartment number, if any, the date when written, the condition or illness for which prescribed, and the name of the pharmacist to whom the prescription is to be presented for filling.

The physician shall keep a record in which a separate page or pages shall be allotted each patient for whom alcoholic liquors are prescribed, and shall enter therein, under the patient's name and address, the date of each prescription, and the date of each filling.

Druggists filling these prescriptions shall preserve in a separate, carefully guarded file, one copy of every prescription filled, and once a month shall transmit to the collector of internal revenue a list showing the names of the physicians, the names of the patients and the total quantity dispensed to each patient during the month.

LISTS TO BE REVIEWED. These lists shall be subject to immediate examination and frequent review in the collectors' offices, and wherever there is indicated either that a physician is prescribing more than normal quantities, or that a patient is receiving through one or more physicians, quantities in excess of the amount required for legitimate uses.

In filling prescriptions for spirits or alcohol not so indicated or deputed as a tender of credit for beverage use, liquor tax paid at the rate of \$6.40 per gallon only must be used. Tax paid wine must be used in all cases.

Pharmacists should refuse to fill prescriptions if they have any reason to believe that physicians are dispensing for other than strictly legitimate medicinal uses, or that a patient is receiving through one or more physicians, quantities in excess of the amount required for legitimate uses.

NEW CHARGE  
TO BE MADE  
BY SODERBERG

That Ralph York, whom he deposed as chief clerk in his office and who has appealed to the Civil Service Board, had a rubber stamp made of his signature, against his orders, and used it to sign certain contracts, despite express orders against this practice, is the new charge that Commissioner Fred Soderberg says he will bring against York, Tuesday night, when he will ask the Civil Service Board to reopen the taking of testimony in the case. The board had announced a decision for Tuesday.

"When I took office," said Soderberg, "I instructed the office force to leave all documents requiring my signature to me to sign; that no rubber stamp should be made of my name. Two months afterward, in December, running through some papers, I found two claims rubber stamped with my signature. I was astounded. One of these was a claim of an Oakland carner house for a bill for linoleum. The other was a claim of \$38 for a trunk for Auditorium Manager George Keefe."

"I called York to task. He said he had made the stamp because these were bills that had been contracted for before I came into that department, and that he did not think it fair to ask me to sign them. Later I found some ten or twelve more claims had been rubber stamped."

Police Probe Death  
From Inhaling Gas

SAN FRANCISCO, July 11.—The police are today investigating the circumstances of the death last night of Mrs. M. E. Day, age 51, who for years has conducted an employment agency at 623 Ellis street.

According to the information given by the police, her husband, William Day, an employee of the Geary House Candy Company, returned home at 5:45 and found his wife sitting in a chair in the kitchen, propped up with pillows, unconscious from inhaling gas flowing through a tube attached to the stove. There was a note on the table, unsigned, as follows:

"Just too weary to go farther."  
When the police arrived the woman was dead.

Gary Reiterates Stand  
for Open-Shop Policy

NEW YORK, July 11.—Elbert H. Gary, chairman of the United States Steel Corporation, has reiterated the stand of the corporation for an "open shop." His statement followed an announcement by an official of the American Federation of Labor that the corporation would recognize the federation.

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance. Easy freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

Sent to Presidio

SAN JOSE, July 11.—Charged with desertion from the army William D. Spoon, 32 years of age, was arrested by local officers here last night. He will be taken to the Presidio for trial. Spoon is said to have deserted two weeks ago.

## Mr. Wisler Cured of Indigestion.

"Some time in 1908 when I had an attack of indigestion, and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. It was a great help to me. I bought a package, and I can truthfully say that I have not had a similar attack since. I am now Mr. B. Wisler, Douglassville, Pa. For sale by Osgood Bros. Drug Stores.—Advertisement.

## Lift off Corns!

Doesn't hurt a bit and Freezone  
costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Advertisement.

Pharmacists should refuse to fill prescriptions if they have any reason to believe that physicians are dispensing for other than strictly legitimate medicinal uses, or that a patient is receiving through one or more physicians, quantities in excess of the amount required for legitimate uses.

In filling prescriptions for spirits or alcohol not so indicated or deputed as a tender of credit for beverage use, liquor tax paid at the rate of \$6.40 per gallon only must be used. Tax paid wine must be used in all cases.
